

Sworn Statement Form - Conflicts of Interest

CONFLICT OF INTEREST

If you have more than one type of disclosure, complete a separate Sworn Statement Form for each type of disclosure. Multiple disclosures of one type may be stated on the same Sworn Statement Form.

I am providing a sworn statement for the following conflict of interest (check the box that applies):

- **1. Compensation for Assistance in Transaction Involving County (Utah Code Section 17-16a-5).**

An elected official or appointed employee with this type of conflict must file a sworn statement with the County Council or the body on which they are a member giving the information required by Utah Code Section 17-16a-5(6)(a)-(c), and the elected official or appointed employee must disclose this information in an open meeting to the members of the County Council or body of which they are a member. Elected officials will also need to file the sworn statement with the county clerk. The sworn statement shall be filed with the County Council 10 days prior to the date of any agreement between the county elected official or appointed employee and the person or business entity being assisted or 10 days prior to the receipt of compensation by the business entity.

- **2. Interest in Business Entity Regulated by the County (Utah Code Section 17-16a-6).**

For this type of conflict, an elected official or appointed employee must file this sworn statement with the Cache County Council. Elected officials will also need to file the sworn statement with the county clerk. This statement does not need to be filed for instances where the value of the interest is less than \$2,000, and life insurance policies and annuities may not be considered in determining the value of the interest.

Under Cache County Code and Utah Code, this disclosure is required to be made publicly when the elected official or appointed employee is first appointed or elected and during the January of each year thereafter.

- **3. Interest in Business Entity Doing Business with County (Utah Code Section 17-16a-7)**

The statement required for this conflict shall be disclosed publicly to the County Council or body on which they are a member immediately prior to any discussion by such body matters relating to such business entity, the nature of their interest in that business entity. The disclosure statement shall be entered in the minutes of the meeting. Elected officials will also need to file a sworn statement describing the conflict of interest with the county clerk.

- **4. Investment Creating Conflict of Interest with Duties (Utah Code Section 17-16a-8)**

The statement required for this conflict of interest shall be disclosed in the same manner in which number 2 conflicts are disclosed (76-16a-6).

Sworn Statement Form - Conflicts of Interest

SWORN STATEMENT

I, Dirk Anderson [name of elected official or appointed employee], hold the position of Chief Deputy County Executive & Special Election Candidate for Cache County.

My Address is: 865 E 500 S, Smithfield, UT 84335

[This is only required for conflicts involving number 1 above (17-16a-5).]

The name of the person/business entity I assist or will assist, or the business entity in which I have a substantial interest is: EVO Training Facility

Their address is: 2711 N 200 W, North Logan, 84341UT

[This is only required for conflicts involving number 1 above (17-16a-5).]

The following is a brief description of the transaction or the service that is rendered or is to be rendered, the nature and value of the service performed or to be performed, the nature and value of my interest in the business entity, and/or the investment creating a conflict of interest (if additional space is needed, please use a separate sheet of paper and if there are multiple involvements, please include all of them):

My wife and I are part owners of Evolution Training Facility, or EVO. It is a full-service gym, with a turf area for team sports, batting cage rentals, etc. I don't believe that this interest presents an actual conflict of interest in my candidacy or in my current or potentially future position as Cache County Executive. But I thought I'd list it as a potential conflict of interest so that my ownership interest in the company would be noted. I have, for instance, recused myself from active participation in meetings regarding the Recreation Center Study for which the Cache County Development Services Department was the submitter for RAPZ Tax funding for the feasibility study. Also, I don't believe that EVO actually does come under any County regulations, specifically. But again, I thought I'd be on the superfluous side of reporting in case it ever comes up in any discussions.

This statement and form is public information and is available for examination by the public.

I declare under criminal penalty under the law of Utah that the foregoing is true and correct.

Signed on the 3 day of September, 2025, at Logan, UT, USA
Month Year City or other location, and state or country
