This event is inside of the wildfire season. The roads that are being used and the area that the roads are in could be subjected to closures and evacuation in the event of a wildfire.

In the past there has been a problem in other events where cyclist were not yielding to emergency vehicles when they were responding to an emergency.

I would advise that the cyclist and support vehicles be reminded to yield to emergency vehicles and obey all traffic laws.

ACKNOWLEDGMENT

In accordance with Title 8 Section 8.40 of the Cache County Ordinance, I hereby submit and certify that the information contained in this application is accurate and complete to the best of my knowledge.

Applicant

Date

Application Deadline: Completed application forms must be submitted to the Cache County Development Services Office forty-five (45) calendar days before an event is scheduled to take place. This allows sufficient time for evaluation of the application. Late applications shall be denied unless the applicant demonstrates that compliance with the 45 day deadline was impractical or impossible due to the nature of the event. A special event permit application may be approved and a permit issued to the applicant by the Director upon approval by all the agencies specified in Section 8.40.40.

Authority: Cache County has no authority to approve permits for events other than in the unincorporated area of Cache County. Permits issued by Cache County apply only to the unincorporated area of the county, and if an event crosses into a municipality within Cache County or across the county line, applicants should determine if a permit is necessary in the other jurisdiction.

Right to Deny: Cache County reserves the right to deny permit applications for proposed special events which may pose, or have posed a significant danger or threat to the public health, welfare or safety, or which may result in unreasonable inconvenience or cost to the public. In the event the application is denied, the applicant may appeal to the Cache County Executive.
