FAIR ENTRY

CREATING ONLINE ENTRIES

How to create your Entries in FairEntry

1. **All exhibitors** submit entries at: <https://cachecounty.fairentry.com>
2. If this is your first time entering an exhibit, you will need to create an account. If you have forgotten your password, you can select “Forgot your Password?” and a temporary password will be emailed to you.
3. Click “Begin Registration” and enter the exhibitor information (family name, head of household or individual) into the required fields. Please enter your MAILING address as your address information.
4. If any information is incorrect, click the green “Edit” button in the appropriate box to make changes. When all information is correct, select “Continue to Entries”.
5. **Creating Entries** - Select “Add an Entry” next to the correct exhibitor. Click the green “Select” beside the first department you wish to enter. After you select a department, you will see a list of classes to select from, and then a list of available lots. Also notice that there are blue “Change” links in case you mistakenly select an incorrect department, class, or lot. Click “Continue” when you have chosen the desired Department, Class and Lot. Review the entries. You may need to enter a Club/Chapter. If everything is correct, click “Continue.”
6. **Creating Animals** - If this is an animal entry, you may be required to specify which animal will be exhibited in the lot by selecting “Add an animal.” You will have two choices. Select “Enter a New Animal Record” to enter new animal information. Fill in all of the fields with information about the animal you intend to exhibit. Click “Create and Add Animal” when finished. If the animal information was entered incorrectly, you have the option to either “Remove From Entry” (creating a new animal) or “Edit Animal Details.” When it’s correct, click Continue
7. At the top of the page there are 3 boxes that say “Exhibitors, Entries, Payment.” You can click on any of these boxes to go to the “Exhibitor” or “Entries” page to add exhibitors or view any created entries.
8. When each entry is complete, you have three choices for what to do next. You can Register another Exhibitor in this group, Add another Entry for this Exhibitor, or Continue to Payment to finalize and submit your entries.
9. Review your entries for completeness and accuracy. Notice the Summary and Detail buttons at the top of the list on the right. If there are errors, you will be able to see it here.
10. If all information is complete select “Continue to Payment.” (Not all entries have fees.) Fees are paid by credit card. Cache County will not accept cash or check for fee payments. Once all entries have been entered for exhibitors in your family, “Submit” the invoice for approval. You will need to agree and accept the “Terms Message” at the end.
11. All submitted invoices must be “Approved.” Once you have submitted your entries they are in “holding status” until they are able to be reviewed and approved. If you want to add any additional entries you must wait until your first submission of entries have been through the approval process. Once Approved you can log back into FairEntry and click begin work on a new invoice or create any new entries.
12. If you need entry assistance or have any questions you may email: stephanie.carlsen@cachecounty.gov

22. Showmanship age classes for all species are determined by the grade the exhibitor is in January of the current year. Exhibitors participating in showmanship must use the animal they entered in the market class of that species. Participation in a showmanship and market class are mandatory to be eligible to sell.
