

## CACHE COUNTY **FAIR & RODEO**

490 South 500 West, Logan UT

**Wednesday, August 5th - Saturday, August 8th 2026**

***Applications will be OPEN January 19, 2026***

***Applications will CLOSED February 27, 2026***

***\*Vendor notifications March 16, 2026***

Space is limited, and vendor selection is competitive. We require a high level of quality and professionalism and consider our vendors partners in our success. Vendors are selected annually, with efforts made to avoid duplication.

**BOOTH SPACE:** Please ensure you select the correct booth size needed for your setup. All booth spaces are pre-measured in advance, including required fire lanes. Because of this, booth sizes **cannot be adjusted during check-in** without causing a domino effect that impacts other vendors and safety requirements. Vendors whose setup exceeds the selected booth size will not be permitted to set up. Booth spaces cannot be expanded after applications are accepted. If your setup includes a trailer, **all measurements must include the full length of the trailer, including the tongue.** We take great care in planning the layout of our beautiful Fairgrounds, thoughtfully placing vendors in shaded areas and locations that help maximize visibility and success for everyone.

**FOOD VENDORS:** Applicants must submit photos of booth setup along with dimensions of your required space. The dimensions must include extensions such as trailer tongues or hitches, and amount of space required for storage of items such as supplies, propane tanks, storage trailer, etc. If approved, the food committee has the right to disallow individual food items from your menu. Previous participation is not a guarantee of acceptance. Bear River Health Department is very proactive when it comes to public health, and any issues they raise must be resolved immediately. \*\*Food vendors should be very specific with pricing, items, and space needed during the Cache County Fair\*\* All vendors are responsible for conducting their own sales. It is your responsibility to collect and report sales tax. Sales tax information will be available upon arrival at the fair. Upon acceptance, food vendors must supply a certificate of insurance (for a minimum of \$1,000,000), naming Cache County Fair and Rodeo as an additional insured for the dates. You must have a current food handler's permit and event permit from Bear River Health Department.
