Set a Public Hearing

Ordinance 2021-19 Cache View Estates Rezone

Agenda request submitted by: Chris Harrild, Director – Forwarded from the County Planning Commission

Assisting Department: Development Services

Requested Council meeting date: July 27, 2021

Agenda Item Language: Set hearing for Ordinance 2021-19 Cache View Estates Rezone – A request to rezone 8.82 acres at 510 South 5650 West, near Mendon, from the Agricultural (A10) Zone to the Rural 2 (RU2) Zone.

Recommendation: Planning Commission – Denial (5-yea; 0-nay).

Background: A request to rezone 8.82 acres at 510 South 5650 West, near Mendon, from the Agricultural (A10) Zone to the Rural 2 (RU2) Zone.

Fiscal Impact: N/A

Public Hearing Required: Rezone requests require a public hearing before the County Planning Commission (PC). This hearing was held on July 8, 2021.

No additional hearing is required under the requirements of the State Code, however, the Council has previously directed it is beneficial to rehear the public comment and hold an additional hearing before the Council.

See attached for additional information.

County Staff Presenter: Chris Harrild

Presentation Time: No additional staff presentation time is anticipated.

County Staff Point of Contact: Angie Zetterquist, County Planner

Legal Review: N/A

Public hearing to be held on August 10, 2021.
If approved, the rezone will take effect 15 days from the date of approval.

Denial (5-yea; 0-nay).
Public hearing held on July 8, 2021.
Conclusion: Based on the findings of fact noted [in the staff report], the Cache View Estates Rezone is hereby recommended for denial to the County Council as follows:

1. An accurate description of the subject property has not been provided.
2. The subject property is not appropriately served by suitable public roads. County Road 400 South does not meet the minimum standards of a Minor Local Road and is therefore substandard and not suitable.

Findings of Fact

A. Request description

1. A request to rezone 8.82 acres from the Agricultural (A10) Zone to the Rural 2 (RU2) Zone.
2. This rezone may allow the parcel to be legally divided into a maximum of 4 separate lots as part of a subdivision process.
3. Staff has identified general information as pertains to the subject property to assist the Planning Commission and County Council in arriving at a decision. This information is reflected in the attached map (Attachment A) and in the following text:

B. Land Use Context:

4. **Parcel status:** The subject property is legal as it is in the same size and configuration as August 8, 2006. Under the current density requirements of the Agricultural (A10) Zone, the subject property cannot be further divided. An accurate survey of the property is required. A boundary line adjustment was recorded between the subject property and two adjacent properties in February of 2021, however, it appears that it has not yet been reviewed by the County Recorder, and a record of survey has not been submitted to the County. Staff review of an accurate survey is required to verify the location of the property boundary.
5. **Average Lot Size:** There are 10 parcels immediately adjacent to the subject property in unincorporated County; two with a home and an average lot size of 5.6 acres and 8 without a home and an average lot size of 14.8 acres.
6. **Within a ¼ mile buffer of the proposed rezone,** there are no additional parcels in unincorporated County with a home. In the ¼ mile buffer area, there are 37 parcels in Mendon City with a home and an average size of 0.7 acres. Parcels without a home in the ¼ buffer area have an average size of 16.5 acres (19 parcels) in unincorporated County and 1.7 acres in Mendon (2 parcels).
7. **When the buffer is expanded to ½ mile of the proposed rezone:** parcels with a home in the County average 3.4 acres (10 parcels) and 0.9 acres in Mendon (116 parcels). There are 50 parcels without a home in the County within ½ mile of the proposed rezone averaging 17.2 acres and 24 parcels in Mendon without a home with an average size of 2.2 acres. (Attachment A)
8. **The proposed RU2 zone** allows a maximum density of 1 lot for every 2 acres, whereas the current A10 zone allows a maximum density of 1 lot for every 10 acres. With approximately 8.82 acres of property, the subject property cannot be further divided under the current A10 Zone standards. A rezone to RU2 may allow up to 4 buildable lots.
9. **Schedule of Zoning Uses:** Under the current County Land Use Ordinance, the RU2 Zone is more restrictive in the uses allowed when compared to the Agricultural (A10) Zone. There are no uses that are allowed as a permitted or conditional use within the RU2 Zone that are not allowed as a permitted or conditional use within the A10 Zone. The following uses are conditional uses in the A10 Zone but are not allowed in the RU2 Zone:
 - Agricultural Manufacturing
 - Recreational Facility
 - Cemetery
 - Private Airport
 - Concentrated Animal Feed Operation
 - Livestock Auction Facility
 - Topsoil Extraction
10. **Adjacent uses:** The properties adjacent to the subject rezone are primarily used for agriculture and single family dwellings and the boundary of Mendon City is west of the subject property divided by a 13.5-acre parcel. Properties located immediately to the north and south of the property are located in Agricultural Protection Areas.
11. **Annexation Areas:** The subject property is located within the Mendon City future annexation area. Mendon City was notified of the rezone request, but has not commented on the request at this time.
12. **Zone Placement:** As identified by the Planning Commission and the County Council at the time the RU2 Zone was adopted, the intended/anticipated placement of this zone was in areas of the unincorporated county adjacent to municipalities. The Mendon City boundary is immediately north of the subject property and separated by a single parcel to the west.

13. The nearest RU2 zone is approximately 1-mile south of the subject property by the most direct road route. This nearest RU2 zone was approved as the Mountain View Rezone in March 2021 (Ordinance 2021-08). The rezone was for a 6.69-acre parcel located on 5400 West, a maintained County road that required minimal improvements when the 3-lot subdivision was approved in June 2021.

C. Ordinance—§17.02.060; §17.08.030 [C]

14. As per §17.02.060, Establishment of Land Use Authority, the County Council is authorized to act as the Land Use Authority for this application.
15. The current County Land Use Ordinance does not specify appropriate locations for the Rural 2 (RU2) Zone but does contain possible guidelines for its implementation. County Land Use Ordinance §17.08.030 [B] [1] identifies the purpose of the RU2 Zone and includes the following:
- a. “To allow for residential development in a moderately dense pattern that can allow for rural subdivisions, and to allow for clustering plans larger than a single parcel. This type of development should be located and designed to not unreasonably impede adjacent agricultural uses, nor to unreasonably conflict with the development standards of adjacent municipalities.
 - b. To implement the policies of the Cache Countywide Comprehensive Plan, including those regarding improved roadways, density based residential standards, clustering, moderate income housing and municipal standards.
 - c. This zone must be appropriately served by suitable public roads, have access to the necessary water and utilities, and have adequate provision of public services.”
16. Consideration of impacts related to uses allowed within the RU2 Zone will be addressed as part of each respective approval process required prior to site development activities.

D. Access—12.02.010; Road Manual

17. §12.02.010 Roadway Standards – Requirements for roadway improvement are provided in the current Manual of Roadway Design and Construction Standards (Road Manual).
18. The Road Manual specifies the following:
- a. Local Roads – As relates to this proposal, Local roads are roads whose primary function is to provide access to residences, farms, businesses, or other properties that abut the road, rather than to serve through traffic. Although some through traffic may occasionally use a Local road, through traffic service is not the primary purpose of Local roads. For purposes of design and construction standards, Local roads are subdivided into Major Local (ML) and Minor Local (L) roads.
 - b. §2.1 Roadway Functional Classification – Minor Local Road (L): Minor Local Roads serve almost exclusively to provide access to properties adjacent to the road. Minor Local Roads generally serve residential or other non-commercial land uses. Many Minor Local Roads are cul-de-sacs or loop roads with no through continuity. A Minor Local Road is typically of a short length. Because the sole function of Local roads is to provide local access, such roads are used predominantly by drivers who are familiar with them.
 - c. Table B-6 Typical Cross Section Minimum Standards: Minor Local Roads must meet the minimum standard of a 66-foot right-of-way, two 10-foot wide paved travel lanes with 4-foot wide gravel shoulders: 14-inches depth of granular borrow, a 6-inches depth of untreated base course, and 3 inches of bituminous surface course (asphalt).
19. Primary access to the subject properties is from 400 South, a Minor Local County road. The nearest paved road is approximately a ½ mile away and located within the Mendon City limits.

20. A basic review of the use and condition of 400 South identifies that 400 South:

- a.** Is an existing county facility that provides access to agricultural lands, a commercial business, and two homes.
- b.** Is a dead end road with no through access.
- c.** Is a gravel surface with an average width of 18 feet.
- d.** Has summer and winter County maintenance.
- e.** Is substandard as to travel lane width, right-of-way, gravel shoulder width, and material.

E. Service Provisions:

21. Fire Control – The County Fire District had no comments on the rezone. Future access must be reevaluated and may require improvements based on the location of any proposed structure on lots created through a subdivision process.

22. Solid Waste Disposal – Logan City Environmental provides refuse collection in this area, but had no comments on the rezone request.

F. Public Notice and Comment—§17.02.040 Notice of Meetings

23. Public notice was posted online to the Utah Public Notice Website on 28 June 2021.

24. Notice was published in the Herald Journal on 29 June 2021.

25. Notices were posted in three public places on 28 June 2021.

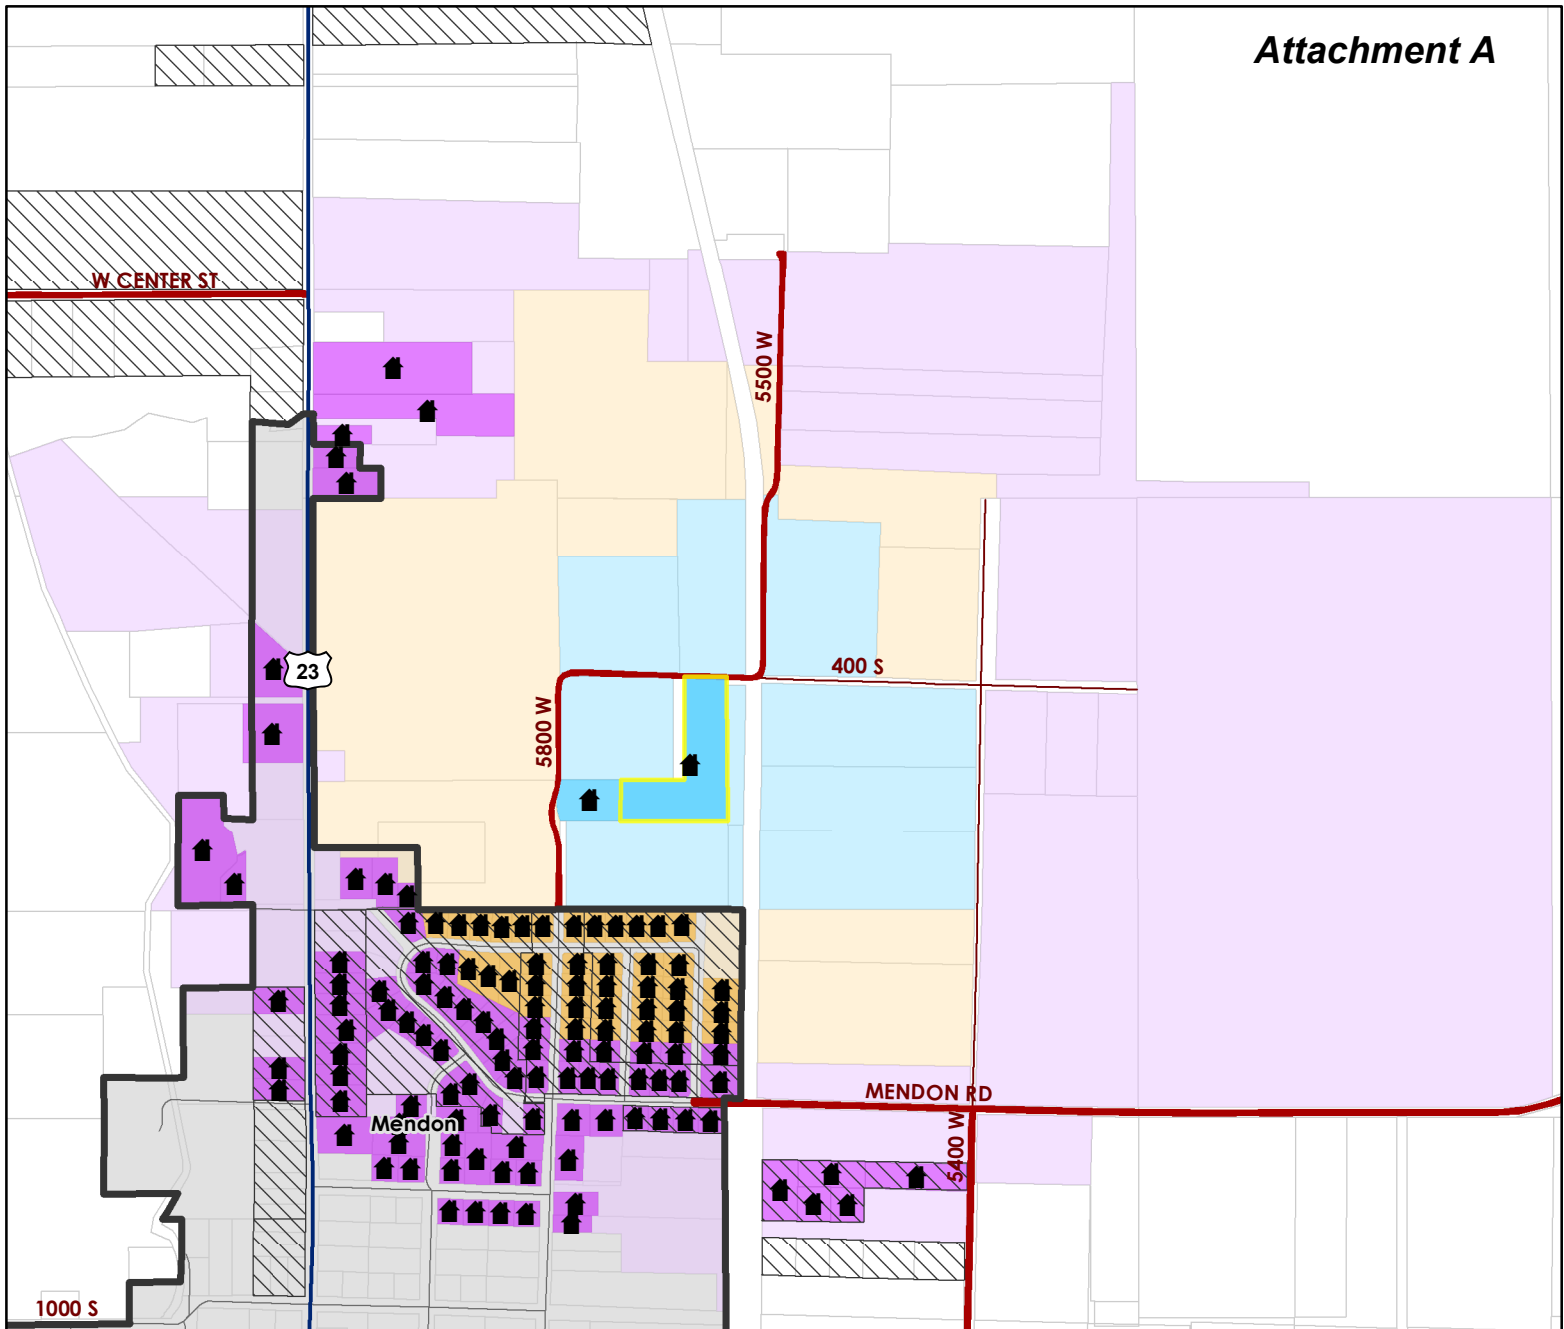

26. Notices were mailed to all property owners within 300 feet and Mendon City on 28 June 2021.

27. At this time, no written public comment regarding this proposal has been received by the Development Services Office.

Recommendation and Conclusions

Based on the findings of fact noted herein, the Cache View Estates Rezone is hereby recommended for denial to the County Council as follows:

- 1.** An accurate description of the subject property has not been provided.
- 2.** The subject property is not appropriately served by suitable public roads. County Road 400 South does not meet the minimum standards of a Minor Local Road and is therefore substandard and not suitable.
