To Whom It May Concern:

We are writing this letter asking that the taxes on TSA Stores Inc/Sports Authority #319 be cancelled. The Sports Authority store has been closed for several years. This account has been protected by a bankruptcy case. We have recently been informed by the attorney's office the bankruptcy was settled and terminated 3-24-2021. All distributions that will be made, that are associated with this case, have already been made. Cache County did not receive any payment regarding this matter. According to the attorney's office, it is likely there was not enough money in the bankruptcy settlement to cover all outstanding bills. This is for the 2016 tax year. The account number is BU-27-3035.

At this time we are asking that the tax amount of \$1,728.79, as well as, \$172.88 in fees/penalty, and \$681.78 in interest be cancelled. That equals a total amount of \$2,583.45.

Thank you for your time and consideration in this matter.

The real property has been offered for sale to the person or entity from whom the county acquired the property at the highest offer with first right of refusal; and the person or entity failed to accept the offer within ninety (90) days after notification by registered mail to their last known address.
 - 3. The county has not rezoned the property or been involved in the rezoning of the property or the acquisition of additional property to enhance the value of the real property to be sold.
- B. No real property may be disposed of unless the county council has:
 - 1. Held a public hearing regarding the proposed declaration of the subject property to be surplus;
 - 2. By motion, subsequent to the public hearing, declared the property to be surplus; and
 - 3. By resolution, approved the disposition of the subject property.

C. Upon the adoption of a resolution of approval by the county council, the county clerk shall, at the request of the county executive, execute and deliver to the county executive any deed or other legal instrument required for the conveyance of the title to the real property.

SECTION 2:

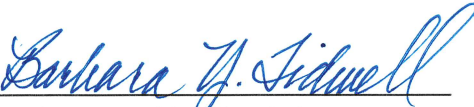

This ordinance takes effect 15 days following its passage and approval by the County Council.

- (A) WHEREAS, Cache County Code Section 15.24.010 currently references an outdated and renumbered provision of the Utah Code; and
- (B) WHEREAS, the Cache County Council has an interest in maintaining the accuracy and applicability of the references to the Utah Code found in the Cache County Code;

NOW, THEREFORE, the County Legislative Body of Cache County ordains as follows:

SECTION 1:

Sections 15.24.010 and 15.24.020 of the Cache County Code are amended to read in full as follows:

15.24.010: LAWFUL FENCE DEFINED:

A lawful fence shall be not less than four feet (4') in height, and may be constructed of barbed or other fencing wire with not less than four (4) wires, and good, substantial posts not more than one rod apart. Corner posts, where the inside angle is less than one hundred thirty five degrees (135°) shall be substantially braced or counterweighted. Gates in such fences need not be constructed of wire, but shall, in all cases, provide equal protection to ingress and egress as such lawful fence, and if constructed of wire, shall conform to specifications above set out for such lawful fence.

15.24.020: LEGAL FENCE DEFINED:

Pursuant to Utah Code section 4-25-204, the Cache County council declares that a lawful fence in Cache County, Utah, is defined as:

- A. An electrified fence existing on a single or multiple wires attached to a fence post by insulators so that the same may carry an electric charge; or
- B. A fence consisting of three (3) or more barbed wires, boards or poles attached to posts not more than one rod apart.

NOW, THEREFORE, the County Legislative Body of Cache County ordains as follows:

SECTION 1:

Section 9.17.010 of the Cache County Code is amended to read in full as follows:

9.17.010: DEFINITIONS:

For the purposes of this chapter the following terms have the meanings indicated:

COMPULSORY SCHOOL AGE MINOR: A person between the ages of six (6) and eighteen (18) years of age who is not exempted, and must be attending public school or regularly established private school during the school year of the district in which the minor resides pursuant to the compulsory education requirements set forth in Utah Code sections 53G-6-201 to 53G-6-211.

EMERGENCY: An unforeseen combination of circumstances or the resulting state that calls for immediate action. The term includes, but is not limited to, a fire, natural disaster, an automobile accident or any situation requiring immediate action to prevent bodily injury or loss of life.

ESTABLISHMENT: Any privately owned place of business, whether nonprofit or operated for a profit to which the public is invited, including, but not limited to, any place of amusement or entertainment.

GUARDIAN:

- A. A person who, under court order, is the guardian of the person of minor, or
- B. A public or private agency with whom a minor has been placed by a court.

MINOR: Any person under eighteen (18) years of age.

OPEN CAMPUS: When a compulsory school age minor is allowed by school officials to leave school for lunch purposes.

OPERATOR: Any individual, firm, association, partnership, or corporation operating, managing or conducting any establishment. The term includes members or partners of any association or partnership and the officers of a corporation.

PARENT: A person who is:

- A. A natural parent, adoptive parent, or stepparent of another person, or
- B. At least eighteen (18) years of age and authorized by a parent or guardian to have the care and custody of a minor.

PUBLIC PLACE: Any place to which the public or a substantial group of the public has access and includes, but is not limited to, streets, highways, sidewalks, the common areas of schools, hospitals, apartment houses, office buildings, stores and shops.

SERIOUS BODILY INJURY: Bodily injury that creates a substantial risk of death or that causes death, serious permanent disfigurement or protracted loss or impairment of the functions of any bodily member or organ.

TRUANCY HOURS: Those hours in which a compulsory school age youth should be attending school in the district or jurisdiction in which the student attends school.

SECTION 2:

Set a Public Hearing**Ordinance 2022-13 Cub River Estates I Rezone**

Agenda request submitted by: Chris Harrild, Director – Forwarded from the County
Planning Commission

Assisting Department: Development Services

Requested Council meeting date: March 15, 2022

Agenda Item Language: Set hearing for Ordinance 2022-13 Cub River Estates I – A request to rezone 44.46 acres located at approximately 535 East Cannibal Road, Cove, from the Agricultural (A10) Zone to the Rural 5 (RU5) Zone.

Recommendation: Planning Commission – Denial (6-yea; 0-nay).

Background: A request to rezone 44.46 acres located at approximately ~535 East Cannibal Road, Cove, from the Agricultural (A10) Zone to the Rural 5 (RU5) Zone. A rezone to the RU5 Zone would allow for a maximum potential of 8 buildable lots for single-family residential, whereas the existing A10 Zone allows for a maximum of 4 buildable lots.

Fiscal Impact: N/A

Public Hearing Required: Rezone requests require a public hearing before the County Planning Commission (PC). This hearing was held on February 3, 2022.

No additional hearing is required under the requirements of the State Code, however, the Council has previously directed it is beneficial to rehear the public comment and hold an additional hearing before the Council.

See attached for additional information.

County Staff Presenter: Chris Harrild

Presentation Time: No additional staff presentation time is anticipated.

County Staff Point of Contact: Angie Zetterquist, County Planner

Legal Review: N/A

Staff Report: Cub River Estates I Rezone

3 March 2022

This staff report is an analysis of the application based on adopted county documents, standard county development practices, and available information. The report is to be used to review and consider the merits of the application. Additional information may be provided that supplements or amends this staff report.

Project Address:

~535 East Cannibal Road
Cove

Acres: 44.46

Surrounding Uses:

North – Lewiston City/Agricultural

South – Agricultural/Residential

East – Agricultural

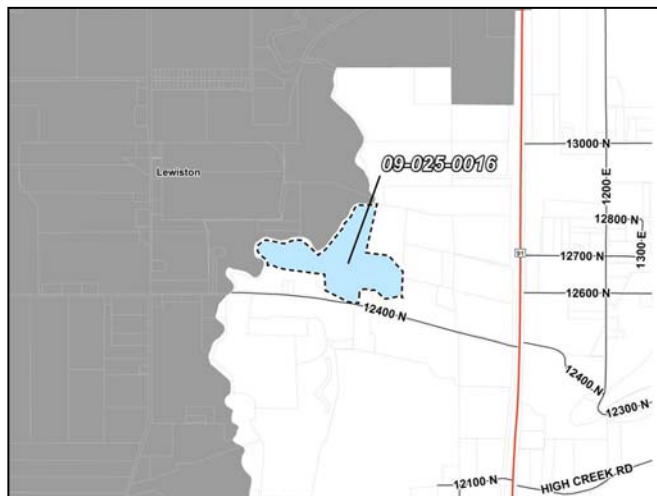

West – Lewiston City/Agricultural/Residential

Current Zoning:

Agricultural (A10)

Proposed Zoning:

Rural 5 (RU5)

Findings of Fact

A. Request description

1. A request to rezone 44.46 acres from the Agricultural (A10) Zone to the Rural 5 (RU5) Zone.
2. This rezone may allow the parcel to be legally divided into a maximum of 8 separate lots as part of a subdivision process.
3. The public hearing was held on December 2, 2021, but the item was continued to allow time for the applicant to provide analysis and confirmation from an engineer to the Development Services Department, Public Works Department, and Fire District to review and determine if the proposed access from Cannibal Road meets the requirements of Title 17 - Zoning Regulations, the County Road Manual, and the Fire Code. Further discussion of the analysis

Exhibit A

provided by the applicant's engineer is located in Sections C: Access and D: Sensitive Areas of this staff report.

4. Staff has identified general information as pertains to the subject property to assist the Planning Commission and County Council in arriving at a decision. This information is reflected in the attached map (Attachment A) and in the following text:

- a. Land Use Context:

- i. Parcel status: The subject property is legal as it is in the same configuration as it was on August 8, 2006.
- ii. Average Lot Size: (See Attachment A)

Average Parcel Size	
Adjacent Parcels	With a Home: 37.6 Acres (5 Parcels)
	Without a Home: 44 Acres (5 Parcels)
1/4 Mile Buffer	With a Home: 21.8 Acres (10 Parcels)

	Without a Home in Lewiston City: 28.6 Acres (7 Parcels)

Exhibit A

- iii. Schedule of Zoning Uses: Under the current County Land Use Ordinance, the RU5 Zone is more restrictive in the uses allowed when compared to the Agricultural (A10) Zone. There are no uses that are allowed as a permitted or conditional use within the RU5 Zone that are not allowed as a permitted or conditional use within the A10 Zone. The following uses are conditional uses in the A10 Zone but are not allowed in the RU5 Zone:
 - Agricultural Manufacturing
 - Recreational Facility
 - Cemetery
 - Private Airport
 - Concentrated Animal Feed Operation
 - Livestock Auction Facility
 - Topsoil Extraction
- iv. Adjacent uses: The properties adjacent to the subject rezone are primarily used for agriculture and single family dwellings with the boundaries of Lewiston City to the north and west of the proposed rezone.
- v. Annexation Areas: The subject property is not located within the Lewiston City future annexation area. As part of the application submittal, the applicant did provide a letter from the Mayor of Lewiston stating it was not part of the future annexation area nor would the City provide utilities for any future development. (Attachment B)
- vi. Zone Placement: As identified by the Planning Commission and the County Council at the time the RU5 Zone was adopted, the intended/anticipated placement of this zone was in areas of the unincorporated county adjacent to municipalities. The borders of Lewiston City are located immediately adjacent to the subject property along the north and west property lines.

The nearest RU5 zone is east of the subject property approximately 2.5 miles away as the crow flies. This RU5 zone, the Michael Allen Rezone, included a total of 31.5 acres and was approved in 2012 (Ordinance 2012-04). A four-lot subdivision (i.e., Michael Allen Subdivision) was approved in 2013. The number of lots in the Michael Allen Subdivision was limited to a maximum of 4 lots after non-developable sensitive areas were removed from the gross acreage.

B. Ordinance—§12.02.010, §17.02.060; §17.08.030 [C]

- 5. As per §17.02.060, Establishment of Land Use Authority, the County Council is authorized to act as the Land Use Authority for this application.
- 6. The current County Land Use Ordinance does not specify appropriate locations for the Rural 5 (RU5) Zone but does contain possible guidelines for its implementation. County Land Use Ordinance §17.08.030 [B] [1] identifies the purpose of the RU5 Zone and includes the following:
 - a. “To allow for residential development in a low density pattern that can allow for rural subdivisions and smaller scale agricultural uses. This type of development should be located and designed to not unreasonably impede adjacent agricultural uses, nor to unreasonably conflict with the development standards of adjacent municipalities.
 - b. To implement the policies of the Cache Countywide Comprehensive Plan, including those regarding improved roadways, density based residential standards, clustering, moderate income housing and municipal standards.

Exhibit A

c. This zone must be appropriately served by suitable public roads, have access to the necessary water and utilities, and have adequate provision of public services.”

7. Consideration of impacts related to uses allowed within the RU5 Zone will be addressed as part of each respective approval process required prior to site development activities.

C. Access—16.04.040 [A], 16.04.080 [E], Road Manual

8. The Road Manual specifies the following:

9. §16.04.040 [A] Roads – All roads must be designed and constructed in accordance with Title 12 of the County Code.

10. §12.02.010 Roadway Standards – Requirements for roadway improvement are provided in the current Manual of Roadway Design and Construction Standards (Road Manual).

11. A basic review of the access to the subject property identifies the following:

12. Primary access to the subject properties is from 12400 North/Cannibal Road, a County road.

a. 12400 North/Cannibal Road:

i. Is an existing county facility that provides access to agricultural and residential lots and has access to US Highway 91.

ii. Is classified as a Major Local road.

iii. The road consists of a 20-foot-wide paved surface, but is substandard as to right-of-way and paved and gravel shoulders.

iv. The subject property has approximately 187 feet of frontage along the County road. The frontage is at grade with the road, but the terrain contains moderate and steep slopes approximately 220 feet into the property before it plateaus onto the flat agricultural field (Attachment C). Current agricultural access to the property is located on an adjacent parcel to the east of the subject property (parcel #09-030-0009). The applicant is proposing that access to the property for future development would be directly from the County road where the property has frontage. Prior to the December 2, 2021, meeting the applicant stated that the property owner had consulted with an engineer who indicated that access which meets the current County Road Manual requirements is possible; however, no plans had been drafted to confirm access at that time. Consequently, the rezone request was continued to allow the applicant time to provide analysis and confirmation from an engineer to the Development Services Office, Public Works Department, and the Fire District for review.

D. Sensitive Areas:

13. §17.18.050: Standards and Development Plan:

These standards are provided to ensure that any development proposed wholly, or in part, within a sensitive area recognizes the physical and environmental constraints of the development site. These standards shall supplement, and are in addition to, other development standards provided by this code, state, and/or federal code or rule. At the time of application, provide a development plan for the property that addresses and includes the following:

A. *Nondevelopable: As applicable, provide a description of all impacts and mitigation regarding development activities that will or are likely to impact any nondevelopable areas on the property.*

2. *Steep Slopes: No building, structure, construction, excavation, or landfilling shall occur on any area determined to be a steep slope.*

a. In response to the Planning Commission’s request for additional information, the applicant’s engineer submitted a letter stating that an analysis had been completed (Attachment D) and that he had determined access across the steep slopes was feasible. However, at that time, no supporting documentation was provided. Later, the engineer

Exhibit A

provided a concept plan (Attachment E) that illustrated a 288-foot access road could be cut through the steep slope area with a slope of plus/minus 7%.

After reviewing the concept plan, the County Engineer concluded an access road is feasible that meets the County Road Manual requirements for grade as the proposed road slope is less than the maximum 10% allowed. The Fire Marshal also reviewed the concept plan and determined the proposed slope will meet the requirements of the Fire Code.

However, in reviewing the concept plan against the requirements of the County Land Use Code, specifically §17.18.050 Standards and Development Plan, item A, number 2 (copied above), the proposed access road, though feasible, would require construction, excavation, and land filling in a sensitive steep slope area, which is not permitted per the Code.

Section 17.18.030(D) Hardship Relief, does allow some flexibility: *“If the applicant demonstrates that the regulations imposed by this chapter would deny all reasonable use of the subject property, the county council, following the receipt of a recommendation from the planning commission, may modify the exercise of these requirements to provide the applicant reasonable use of the property and may provide a modified determination of development potential...”*

Given the needed excavation and land filling required to place the proposed access road through the sensitive steep slope area and that no demonstration has been made that the requirements of the Code *“deny all reasonable use of the subject property”*, the provided concept plan does not provide justification to change staff’s recommendation to deny the rezone request.

E. Service Provisions:

14. §16.04.080 [C] Fire Control – The County Fire District had no comments on the rezone. Future access must be reevaluated and may require improvements based on the location of any proposed structure on lots created through a subdivision process.
15. §16.04.080 [F] Solid Waste Disposal – Logan City Environmental provides refuse collection for the subject property, but did not have any comments on the rezone request.

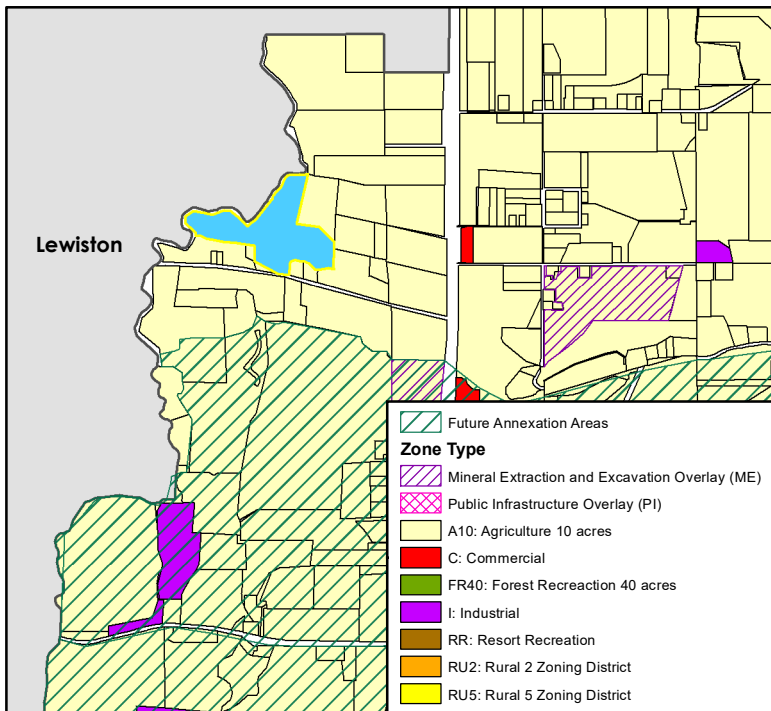

F. Public Notice and Comment—§17.02.040 Notice of Meetings

16. Public notice was posted online to the Utah Public Notice Website on 19 November 2021.
17. Notices were posted in three public places on 19 November 2021.
18. Notices were mailed to all property owners within 300 feet and Lewiston City on 19 November 2021.
19. At this time, no written public comment regarding this proposal has been received by the Development Services Office.

Recommendation and Conclusion

Based on the findings of fact noted herein, the Cub River Estates I Rezone is hereby recommended for denial to the County Council as follows:

1. Access to future development on the subject property is through an area of steep and moderate slopes. The County Code does not permit any building, structure, construction, excavation, or landfilling on any area determined to be a steep slope. Though the applicant provided a concept plan that shows a road access is feasible, the needed excavation and land filling required to construct the access is located within a sensitive steep slope area in contradiction to Section 17.18.050(A)(2) of the County Land Use Code and the applicant has not demonstrated the requirements for Hardship Relief (17.18.030(D)) that the sensitive area regulations imposed by the Code deny all reasonable use of the subject property.

To Whom It May Concern:

Todd Davis hired me, to provide a preliminary analysis of a future access road to a proposed development located at approximately 500 E Cannibal Rd, Lewiston Utah known as Tax Parcel No. 09-025-0016.

I have completed a topographic survey of the above-mentioned parcel to determine if a future road meets the road grade standards per Cache County Roads as specified in Table B-4 "Maximum Grades for Cache County Roads". The subject property has some relief to it but the proposed access road from Cannibal Road will fall below the 10% road grade as specified for "Rolling Terrain".

I find the subject property to be a great site for a proposed development and will conform to the Cache County "Manual of Roadway Design and Construction Standards".

Contact me if you have any questions.

Sincerely,

Ordinance No. 2022-12

Cache County, Utah

Cutler Valley Rezone

An ordinance request to amend the County Zoning Map by rezoning 65.72 acres from the Agricultural (A10) Zone to the Rural 5 (RU5) Zone

Whereas, the “County Land Use Development and Management Act,” Utah Code Ann. §17-27a-101 et seq., as amended (the “Act”), provides that each county may enact a land use ordinance and a zoning map establishing regulations for land use and development; and

Whereas, pursuant to the Act, the County’s Planning Commission (the “Planning Commission”) shall prepare and recommend to the county’s legislative body, following a public hearing, a proposed land use ordinance and a zoning map, or amendments thereto, that represent the Planning Commission’s recommendations for zoning the area within the county; and

Whereas, the Planning Commission caused notice of a public hearing for the rezone to be posted at least ten (10) days before the date of the public hearing; and

Whereas, on February 22, 2022, the Planning Commission held a public hearing, accepted all comments, and recommended the approval of the proposed amendments to the County Council for final action; and

Whereas, the Act also provides certain procedures for the county legislative body to adopt or reject amendments to the land use ordinance and zoning map for the county; and

Whereas, following proper notice, the County Council held a public hearing on March 15, 2022, to consider any comments regarding the proposed rezone. The County Council accepted all comments; and

Whereas, the Cache County Council has determined that it is both necessary and appropriate for the County to amend and implement this ordinance.

Now, therefore, the County Legislative Body of Cache County ordains as follows:

1. Statutory Authority

The statutory authority for enacting this ordinance is Utah Code Annotated Sections 17-27a Part 1 and Part 3, and 17-53 part 2(1953, as amended to date).

2. Adoption of amended Zoning Map

The County Council hereby amends the County’s Zoning Map to reflect the rezone of the property affected by this ordinance and hereby adopts the amended Zoning Map with the amendment identified as Exhibit B, of which a detailed digital or paper copy is available in the Development Services Department.

3. Conclusions

A. The location of the subject property is compatible with the purpose of the Rural 5 (RU5) Zone as identified under §17.08.030[A] of the Cache County Code as it:

- a. Allows for residential development in a low density pattern that can allow for rural subdivisions and smaller scale agricultural uses.
- b. Does not unreasonably impede adjacent agricultural uses, nor unreasonably conflict with the development standards of adjacent communities.
- c. The property is appropriately served by adequate provision of public services.

4. Prior ordinances, resolutions, policies, and actions superseded

This ordinance amends and supersedes the Zoning Map of Cache County, and all prior ordinances, resolutions, policies, and actions of the Cache County Council to the extent that the provisions of such prior ordinances, resolutions, policies, or actions are in conflict with this ordinance. In all other respects, such prior ordinances, resolutions, policies, and actions shall remain in full force and effect.

5. Exhibits

A. Exhibit A: Rezone summary and information

B. Exhibit B: Zoning Map of Cache County showing affected portion.

6. Effective date

This ordinance takes effect on _____, 2022. Following its passage but prior to the effective date, a copy of the ordinance shall be deposited with the County Clerk and a short summary of the ordinance shall be published in a newspaper of general circulation within the County as required by law.

Approved and adopted _____, 2022.

Public hearing held on February 3, 2022.
Conclusion: Based on the findings of fact noted [in the staff report], the Cutler Valley Rezone is hereby recommended for approval to the County Council as follows:

- 1.** The location of the subject property is compatible with the purpose of the Rural 5 (RU5) Zone as identified under §17.08.030[A] of the Cache County Code as it:
 - a.** Allows for residential development in a low density pattern that can allow for rural subdivisions and smaller scale agricultural uses.

Findings of Fact

A. Request description

1. A request to rezone 65.72 acres from the Agricultural (A10) Zone to the Rural 5 (RU5) Zone.
2. This rezone may allow the parcel to be legally divided into a maximum potential of 13 separate lots as part of a subdivision process.
3. Staff has identified general information as pertains to the subject property to assist the Planning Commission and County Council in arriving at a decision. This information is reflected in the attached map (Attachment A) and in the following text:

Exhibit A

a. Land Use Context:

- iii. Schedule of Zoning Uses: Under the current County Land Use Ordinance, the RU5 Zone is more restrictive in the uses allowed when compared to the Agricultural (A10) Zone. There are no uses that are allowed as a permitted or conditional use within the RU5 Zone that are not allowed as a permitted or conditional use within the A10 Zone. The following uses are conditional uses in the A10 Zone but are not allowed in the RU5 Zone:
 - Agricultural Manufacturing
 - Recreational Facility
 - Cemetery
 - Private Airport
 - Concentrated Animal Feed Operation
 - Livestock Auction Facility
 - Topsoil Extraction
- iv. Adjacent uses: The properties adjacent to the subject rezone are primarily used for agriculture, single family dwellings, and the boundary of Newton is immediately adjacent on the east boundary. The parcels located in Newton immediately adjacent to the subject property are zoned Single Family Residential Zone (R-1). Based on Newton's Land Use Ordinance, the R1 Zone requires a minimum lot size of a ½ acre, a minimum lot frontage of 148 feet, and a maximum density of 2 units/acre. Comparably, the County's RU5 Zone requires a minimum lot size of ½-acre and a minimum frontage of 90 feet with a maximum density of 1 lot for every 5 acres.
- v. Annexation Areas: The Newton future annexation area covers a portion of the subject property on the north and east sides, but approximately 35 acres on the south and west areas of the property is not located within the future annexation area.
- vi. Zone Placement: As identified by the Planning Commission and the County Council at the time the RU5 Zone was adopted, the intended/anticipated placement of this zone was in areas of the unincorporated county adjacent to municipalities. The nearest RU5 zone is north of the subject property approximately 6.2 miles away as the crow flies. This RU5 zone, the Riggs Rezone, included a total of 12.55 acres and was approved in 2021 (Ordinance 2021-11), which will allow a maximum of 2 buildable lots. At this time, a subdivision application has not been submitted for this RU5 property. Staff recommends the use of a cluster-type development that considers existing agricultural use.

B. Ordinance—§12.02.010, §17.02.060; §17.08.030 [C]

- 4. As per §17.02.060, Establishment of Land Use Authority, the County Council is authorized to act as the Land Use Authority for this application.
- 5. The current County Land Use Ordinance does not specify appropriate locations for the Rural 5 (RU5) Zone but does contain possible guidelines for its implementation. County Land Use Ordinance §17.08.030 [B] [1] identifies the purpose of the RU5 Zone and includes the following:
 - a. “To allow for residential development in a low density pattern that can allow for rural subdivisions and smaller scale agricultural uses. This type of development should be located and designed to not unreasonably impede adjacent agricultural uses, nor to unreasonably conflict with the development standards of adjacent municipalities.

Exhibit A

- b. To implement the policies of the Cache Countywide Comprehensive Plan, including those regarding improved roadways, density based residential standards, clustering, moderate income housing and municipal standards.
 - c. This zone must be appropriately served by suitable public roads, have access to the necessary water and utilities, and have adequate provision of public services.”
- 6. Consideration of impacts related to uses allowed within the RU5 Zone will be addressed as part of each respective approval process required prior to site development activities.

C. Access—16.04.040 [A], 16.04.080 [E], Road Manual

- 7. The Road Manual specifies the following:
- 8. §16.04.040 [A] Roads – All roads must be designed and constructed in accordance with Title 12 of the County Code.
- 9. §12.02.010 Roadway Standards – Requirements for roadway improvement are provided in the current Manual of Roadway Design and Construction Standards (Road Manual).
- 10. A basic review of the access to the subject property identifies the following:
- 11. The subject property has frontage and direct access from 6600 North, 7000 North, and 7000 West, all County roads.
 - a. 6600 North, 7000 North, and 7000 West:
 - i. All are existing county facilities that provide access to a few single family home, but mostly provide access to agricultural land.
 - ii. Are classified as Minor Local roads.
 - iii. The roads consist of an average of 18-19-foot-wide paved surface
 - iv. All roads are substandard as to paved width and gravel shoulders.
 - v. 7000 North and 7000 West are also substandard as to the required 66-feet of dedicated right-of-way.
 - vi. Though the roads are considered substandard, the County Engineer believes the improvements required will be minimal.
 - vii. All three roads are maintained year around.

D. Service Provisions:

- 12. §16.04.080 [C] Fire Control – The County Fire District had no comments on the rezone. Future access must be reevaluated and may require improvements based on the location of any proposed structure on lots created through a subdivision process.
- 13. §16.04.080 [F] Solid Waste Disposal – Logan City Environmental provides refuse collection for the subject property, but did not have any comments on the rezone request.

E. Public Notice and Comment—§17.02.040 Notice of Meetings

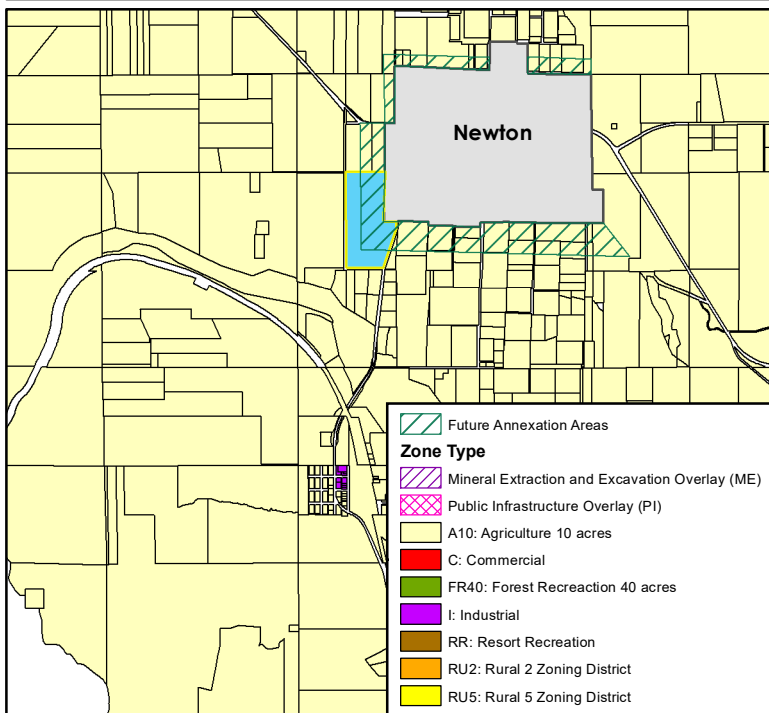

- 14. Public notice was posted online to the Utah Public Notice Website on 21 January 2022.
- 15. Notices were posted in three public places on 21 January 2022.
- 16. Notices were mailed to all property owners within 300 feet and Newton on 20 January 2022.
- 17. At the time of the application submittal, the applicant provided a letter from Newton Town (Attachment B). In the letter, it states the Newton Planning Commission did not oppose the development and the Town Council was split between concern and support, but former Mayor Rhodes listed a number of personal objections to the proposal. No other written public comment regarding this proposal has been received by the Development Services Office.

Recommendation and Conclusion

Based on the findings of fact noted herein, the Cutler Valley Rezone is hereby recommended for approval to the County Council as follows:

- 1.** The location of the subject property is compatible with the purpose of the Rural 5 (RU5) Zone as identified under §17.08.030[A] of the Cache County Code as it:
 - a.** Allows for residential development in a low density pattern that can allow for rural subdivisions and smaller scale agricultural uses.
 - b.** Does not unreasonably impede adjacent agricultural uses, nor unreasonably conflict with the development standards of adjacent communities.
 - c.** The property is appropriately served by adequate provision of public services.

Dear Cache County Planning Commission,

Terry and Sue Griffin have come to multiple Newton Planning Commission meetings and one Town Council meeting and presented 3 different plans to rezone and subdivide Cache County parcel 13-029-0002. We appreciate their openness and patience as we ask questions and voice our concerns. Since this property is contiguous to the Southwest corner of Newton, we are grateful that we have been made aware of their request and that we have been able to begin dialog on this subject with the Griffins.

The Newton Planning Commission did not come out in opposition to this development. They did have some concerns but didn't see anything they could do about it as it is outside our town boundaries. The town council was also split between concern and support.

My personal position as mayor is that I respectfully request that you deny this land use change and subdivision. On the question of whether this area is in our annexation plan, the answer is no, not where the proposed lots would be created. But the property is part of our master plan and annexation map and is of interest. Please consider this fact and the following as you make irreversible land-use changes just a stone's throw from our town.

- 1) The Griffin proposal does not align with our master plan which includes:
 - a. Managed growth from within the town boundaries. We have many buildable lots within town boundaries. We want to see a higher percentage of these with houses before we begin to annex.
 - b. Keep the planned community that began with the pioneers, living in a community and farming just outside the community. Greenbelt, open space, and farms are preferred to county sprawl - a break between communities instead of blurred lines.
 - c. Where water is a scarce resource on the west side of Cache Valley, we feel it is best to provide this resource from a few controlled, managed, and measured sources that we can all share. We keep this resource geographically close and within the town limits so that we can provide it for all citizens and grow it with the town. Streets, natural gas, power, internet, and other infrastructure are also best utilized and maintained in a planned community.
 - d. County folks, just outside of Newton, will tell you they are from Newton. We certainly accept them as such but they benefit from a nearby town without contributing monetarily. We will not receive impact fees or property taxes from

development in the county. Yet, they use our library and park and receive monetary benefits from proximity to law enforcement, EMS, and a fire station.

- e. Our lot sizes in Newton are typically large enough to accommodate what most folks put on 5-acre county ranchettes.

We realize that our plan relies on farmers living in town and having a stake in preserving the agrarian lifestyle. When a farmer or descendants decide to grow houses just outside of town instead of crops, we become most vulnerable and our master plan is compromised.

2) Newton Town is taking part in Cache County growth

- a. Historic growth is happening. In one year, we will have issued more building permits than the prior decade. We are not saying no growth, but controlled growth according to our master plan.
- b. The petitioner has undeveloped property within the town and is planning to be part of this growth.

3) Cache County and Envision Cache Valley

- a. I encourage you to delay action until the Cache County master plan is updated according to the input from the Envision Cache Valley report. The proposed land use change and development is not in alignment with the "keep the city, city and the country, country" concept.
- b. We should have new conversations between Cache County and Newton Town to align our expectations to this new county master plan so we have a united plan. This may require Newton Town to adjust some of our expectations and master plan.

Thank you for allowing us to provide input to this process.

Sincerely,

Kevin Rhodes

Mayor of Newton

Zoning Map of Cache County – Affected Portion
Cutler Valley Rezone

The following legal description reflects the noted properties above to be rezoned from Agricultural (A10) to Rural 5 (RU5):

13-029-0002

THAT PT OF THE FOLLOWING OUTSIDE NEWTON CORP LIMITS:

THE E/2 OF NW/4 SEC 19 T 13N R 1W EXCEPT THE CO ROAD ALG S 4 RDS, THE ST HWY ACROSS THE SE COR, AND THE LAND LYING E OF SD ST HWY NET 65.72 AC

Ordinance No. 2022-12
Cache County, Utah
Cutler Valley Rezone

An ordinance request to amend the County Zoning Map by rezoning 65.72 acres from the
Agricultural (A10) Zone to the Rural 5 (RU5) Zone

Whereas, the “County Land Use Development and Management Act,” Utah Code Ann. §17-27a-101 et seq., as amended (the “Act”), provides that each county may enact a land use ordinance and a zoning map establishing regulations for land use and development; and

Whereas, pursuant to the Act, the County’s Planning Commission (the “Planning Commission”) shall prepare and recommend to the county’s legislative body, following a public hearing, a proposed land use ordinance and a zoning map, or amendments thereto, that represent the Planning Commission’s recommendations for zoning the area within the county; and

Whereas, the Planning Commission caused notice of a public hearing for the rezone to be posted at least ten (10) days before the date of the public hearing; and

Whereas, on February 22, 2022, the Planning Commission held a public hearing, accepted all comments, and recommended the approval of the proposed amendments to the County Council for final action; and

Whereas, the Act also provides certain procedures for the county legislative body to adopt or reject amendments to the land use ordinance and zoning map for the county; and

Whereas, following proper notice, the County Council held a public hearing on March 15, 2022, to consider any comments regarding the proposed rezone. The County Council accepted all comments; and

Whereas, the Cache County Council has determined that it is both necessary and appropriate for the County to amend and implement this ordinance.

Now, therefore, the County Legislative Body of Cache County ordains as follows:

1. Statutory Authority

The statutory authority for enacting this ordinance is Utah Code Annotated Sections 17-27a Part 1 and Part 3, and 17-53 part 2(1953, as amended to date).

2. Adoption of amended Zoning Map

The County Council hereby amends the County’s Zoning Map to reflect the rezone of the property affected by this ordinance and hereby adopts the amended Zoning Map with the amendment identified as Exhibit B, of which a detailed digital or paper copy is available in the Development Services Department.

3. Conclusions

A. The location of the subject property is compatible with the purpose of the Rural 5 (RU5) Zone as identified under §17.08.030[A] of the Cache County Code as it:

- a. Allows for residential development in a low density pattern that can allow for rural subdivisions and smaller scale agricultural uses.
- b. Does not unreasonably impede adjacent agricultural uses, nor unreasonably conflict with the development standards of adjacent communities.
- c. The property is appropriately served by adequate provision of public services.

4. Prior ordinances, resolutions, policies, and actions superseded

This ordinance amends and supersedes the Zoning Map of Cache County, and all prior ordinances, resolutions, policies, and actions of the Cache County Council to the extent that the provisions of such prior ordinances, resolutions, policies, or actions are in conflict with this ordinance. In all other respects, such prior ordinances, resolutions, policies, and actions shall remain in full force and effect.

5. Exhibits

Findings of Fact

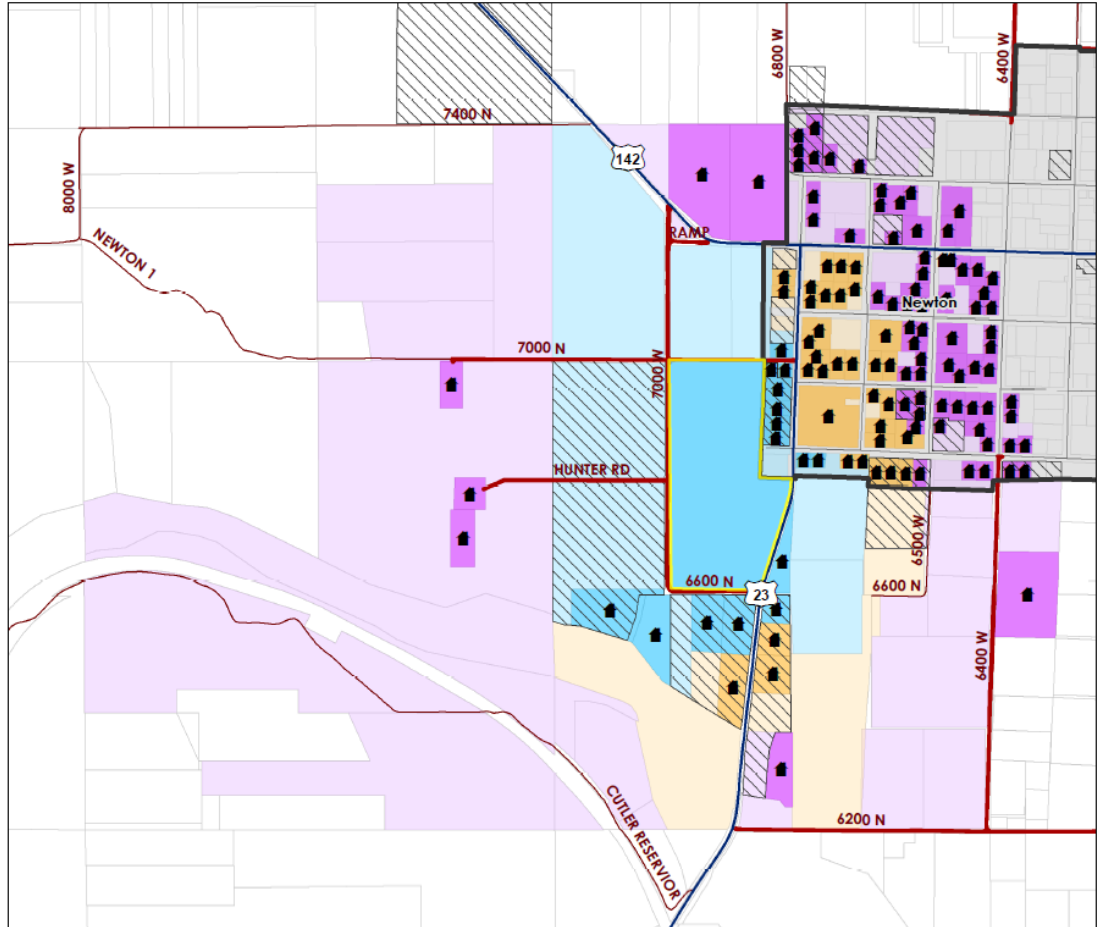

A. Request description

1. A request to rezone 65.72 acres from the Agricultural (A10) Zone to the Rural 5 (RU5) Zone.
2. This rezone may allow the parcel to be legally divided into a maximum potential of 13 separate lots as part of a subdivision process.
3. Staff has identified general information as pertains to the subject property to assist the Planning Commission and County Council in arriving at a decision. This information is reflected in the attached map (Attachment A) and in the following text:

Exhibit A

a. Land Use Context:

- i. Parcel status: The subject property is legal as it is in the same configuration as it was on August 8, 2006.
- ii. Average Lot Size: (See Attachment A)

Average Parcel Size

	Without a Home in Newton City: 1.5 Acres (41 Parcels)

Exhibit A

- iii. Schedule of Zoning Uses: Under the current County Land Use Ordinance, the RU5 Zone is more restrictive in the uses allowed when compared to the Agricultural (A10) Zone. There are no uses that are allowed as a permitted or conditional use within the RU5 Zone that are not allowed as a permitted or conditional use within the A10 Zone. The following uses are conditional uses in the A10 Zone but are not allowed in the RU5 Zone:
 - Agricultural Manufacturing
 - Recreational Facility
 - Cemetery
 - Private Airport
 - Concentrated Animal Feed Operation
 - Livestock Auction Facility
 - Topsoil Extraction
- iv. Adjacent uses: The properties adjacent to the subject rezone are primarily used for agriculture, single family dwellings, and the boundary of Newton is immediately adjacent on the east boundary. The parcels located in Newton immediately adjacent to the subject property are zoned Single Family Residential Zone (R-1). Based on Newton's Land Use Ordinance, the R1 Zone requires a minimum lot size of a ½ acre, a minimum lot frontage of 148 feet, and a maximum density of 2 units/acre. Comparably, the County's RU5 Zone requires a minimum lot size of ½-acre and a minimum frontage of 90 feet with a maximum density of 1 lot for every 5 acres.
- v. Annexation Areas: The Newton future annexation area covers a portion of the subject property on the north and east sides, but approximately 35 acres on the south and west areas of the property is not located within the future annexation area.
- vi. Zone Placement: As identified by the Planning Commission and the County Council at the time the RU5 Zone was adopted, the intended/anticipated placement of this zone was in areas of the unincorporated county adjacent to municipalities. The nearest RU5 zone is north of the subject property approximately 6.2 miles away as the crow flies. This RU5 zone, the Riggs Rezone, included a total of 12.55 acres and was approved in 2021 (Ordinance 2021-11), which will allow a maximum of 2 buildable lots. At this time, a subdivision application has not been submitted for this RU5 property. Staff recommends the use of a cluster-type development that considers existing agricultural use.

B. Ordinance—§12.02.010, §17.02.060; §17.08.030 [C]

- 4. As per §17.02.060, Establishment of Land Use Authority, the County Council is authorized to act as the Land Use Authority for this application.
- 5. The current County Land Use Ordinance does not specify appropriate locations for the Rural 5 (RU5) Zone but does contain possible guidelines for its implementation. County Land Use Ordinance §17.08.030 [B] [1] identifies the purpose of the RU5 Zone and includes the following:
 - a. “To allow for residential development in a low density pattern that can allow for rural subdivisions and smaller scale agricultural uses. This type of development should be located and designed to not unreasonably impede adjacent agricultural uses, nor to unreasonably conflict with the development standards of adjacent municipalities.

Exhibit A

- b. To implement the policies of the Cache Countywide Comprehensive Plan, including those regarding improved roadways, density based residential standards, clustering, moderate income housing and municipal standards.
 - c. This zone must be appropriately served by suitable public roads, have access to the necessary water and utilities, and have adequate provision of public services.”
- 6. Consideration of impacts related to uses allowed within the RU5 Zone will be addressed as part of each respective approval process required prior to site development activities.

C. Access—16.04.040 [A], 16.04.080 [E], Road Manual

- 7. The Road Manual specifies the following:
- 8. §16.04.040 [A] Roads – All roads must be designed and constructed in accordance with Title 12 of the County Code.
- 9. §12.02.010 Roadway Standards – Requirements for roadway improvement are provided in the current Manual of Roadway Design and Construction Standards (Road Manual).
- 10. A basic review of the access to the subject property identifies the following:
- 11. The subject property has frontage and direct access from 6600 North, 7000 North, and 7000 West, all County roads.
 - a. 6600 North, 7000 North, and 7000 West:
 - i. All are existing county facilities that provide access to a few single family home, but mostly provide access to agricultural land.
 - ii. Are classified as Minor Local roads.
 - iii. The roads consist of an average of 18-19-foot-wide paved surface
 - iv. All roads are substandard as to paved width and gravel shoulders.
 - v. 7000 North and 7000 West are also substandard as to the required 66-feet of dedicated right-of-way.
 - vi. Though the roads are considered substandard, the County Engineer believes the improvements required will be minimal.
 - vii. All three roads are maintained year around.

D. Service Provisions:

- 12. §16.04.080 [C] Fire Control – The County Fire District had no comments on the rezone. Future access must be reevaluated and may require improvements based on the location of any proposed structure on lots created through a subdivision process.
- 13. §16.04.080 [F] Solid Waste Disposal – Logan City Environmental provides refuse collection for the subject property, but did not have any comments on the rezone request.

E. Public Notice and Comment—§17.02.040 Notice of Meetings

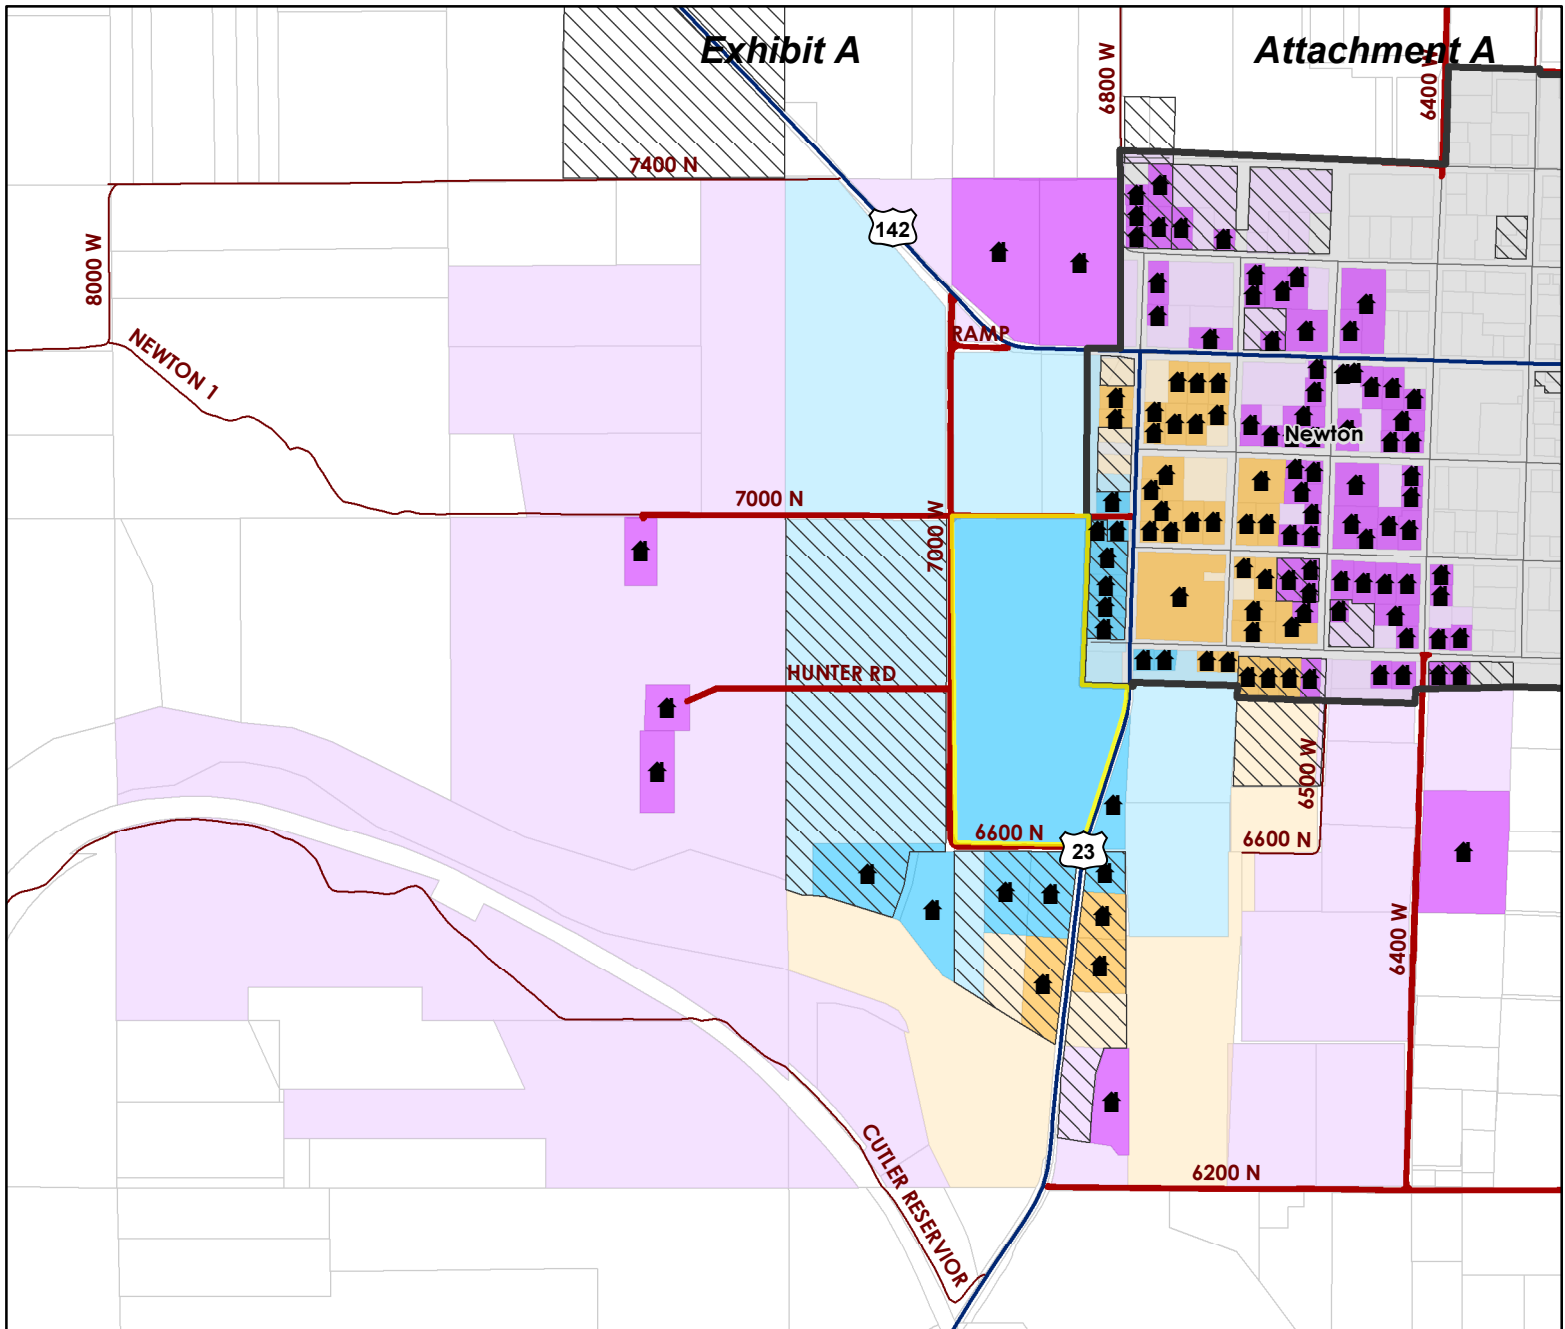

- 14. Public notice was posted online to the Utah Public Notice Website on 21 January 2022.
- 15. Notices were posted in three public places on 21 January 2022.
- 16. Notices were mailed to all property owners within 300 feet and Newton on 20 January 2022.
- 17. At the time of the application submittal, the applicant provided a letter from Newton Town (Attachment B). In the letter, it states the Newton Planning Commission did not oppose the development and the Town Council was split between concern and support, but former Mayor Rhodes listed a number of personal objections to the proposal. No other written public comment regarding this proposal has been received by the Development Services Office.

Recommendation and Conclusion

Based on the findings of fact noted herein, the Cutler Valley Rezone is hereby recommended for approval to the County Council as follows:

- 1.** The location of the subject property is compatible with the purpose of the Rural 5 (RU5) Zone as identified under §17.08.030[A] of the Cache County Code as it:
 - a.** Allows for residential development in a low density pattern that can allow for rural subdivisions and smaller scale agricultural uses.
 - b.** Does not unreasonably impede adjacent agricultural uses, nor unreasonably conflict with the development standards of adjacent communities.
 - c.** The property is appropriately served by adequate provision of public services.

RESOLUTION NO. 2022-06

A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2022 are reasonable and necessary; that said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2022 budget for Cache County:

See attached

Section 2.

Other than as specifically set forth above, all other matters set forth in the 2022 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

This resolution was duly adopted by the Cache County Council on April 12, 2022.
