Why Agricultural Land Preservation Matters

Since 1970, Utah has lost 2.9 million acres (21.3%) of our state's farmland. Productive farmland is critical to the production of food and fiber, local food security, rural economies, and wildlife habitat. Farmers and ranchers are first and foremost stewards and conservationists of the land they depend on. The Utah Department of Agriculture and Food works to help producers protect, restore, and enhance farms and ranchers through conservation easements and other programs.

During the 2023 Legislative Session, the LeRay McAllister Working Farm and Ranch Protection Fund received \$3 million in funding. These funds will go towards preserving or restoring critical open land or agricultural land in Utah. Additionally, per H.B.371, counties will be required to deposit 20% of rollback taxes into a fund dedicated to preserving agricultural land and open space that may be used to purchase conservation easements for similar purposes.

These funds will remain in and be administered by individual counties rather than UDAF; however, UDAF may provide assistance in allocating these funds if the counties choose.

2023 UDAF Grants Opening Soon

- Agricultural Water Optimization Grant: April 17 - May 31
- Utah Food Security Processing Grant: May 1 - May 31
- Utah Pollinator Program: May 1 - June 15
- Agricultural Voluntary Incentive Program: Now - July 31
- Soil Health Program: July 3 - August 18

2023 Legislative Funding

- \$20 million- ARDL for Water Optimization match
- \$3 million- LeRay McAllister Working Farm and Ranch Fund
- \$1 million- Soil Health Program
- \$1 million- Food Security Processing Grant Program
- \$1 million- Agricultural Voluntary Incentive Program
- \$8 million for Agricultural Infrastructure (Agri-park)

UDAF Featured Programs

Ag Stress Assistance Program: As a department we recognize the unique stressors that farmers and ranchers face on a daily basis- that's why we created the Ag Stress Assistance Program. This program is operated in partnership with USU Extension AgWellness and provides free vouchers for mental healthcare, education, and mental health resources for Utah farmers and ranchers.

Agricultural Water Optimization Program: Provides grants to Utah's farmers, ranchers, and canal companies to upgrade their irrigation systems to improve efficiency with water use.

Agricultural Voluntary Incentive Program (AgVIP): The goal of the Agriculture Voluntary Incentive Program (AgVIP) is to help farmers implement nutrient management practices that can increase crop yields, improve soil health, and add value to operations while improving water quality.

Utah Grazing Improvement Program: The Utah Grazing Improvement Program improves the productivity, health, and sustainability of our rangelands and watersheds. Well planned and managed livestock grazing is the most important landscape-scale tool for maintaining healthy rangelands, watersheds, and wildlife habitats.

Utah Food Security Processing Grant: This program strengthens the security of the local food supply and ensures more Utah-produced food is processed in-state by providing grants of up to 8,150k to small local Utah processors

Soil Health Program: The Utah Soil Health Program promotes the adoption of soil health practices through a voluntary / incentive based approach via demonstration, education, and research along with implementation projects to promote soil health benefits.

Find Products Made In Your Own Backyard

Utah's Own connects consumers with local farmers, ranchers, food artisans and other agricultural producers. When you buy from a Utah Producer, you strengthen the economy, create local jobs, increase food security, and help preserve farms, ranches, small businesses, and farmland. This causes a ripple effect to ensure Utah will have farms and ranches for generations to come. Learn more about Utah's Own at: [Utahsown.org](https://utahsown.org)

County Council Meeting Memorandum

Submitter: Matt Phillips

Department: Public Works

Requested Meeting Date: March 28, 2023 and April 11, 2023

Agenda Item Language (March 28 meeting):

PUBLIC HEARINGS

Set Public Hearing for April 11, 2022 - Ordinance 2023-14 (Originally listed as 2023-13):
An Ordinance amending and superseding chapter 28 of Title 15 of the Cache
County Code Regarding Cache County's Flood Damage Prevention Ordinance.

Agenda Item Language (April 11 meeting):

PUBLIC HEARINGS

Public Hearing - Ordinance 2023-14:

An Ordinance amending and superseding chapter 28 of Title 15 of the Cache
County Code Regarding Cache County's Flood Damage Prevention Ordinance.

INITIAL PROPOSALS FOR CONSIDERATION OF ACTION

Ordinance 2023-14: An Ordinance amending and superseding chapter 28 of Title 15
of the Cache County Code Regarding Cache County's Flood
Damage
Prevention Ordinance.

Recommendation: At the March 28, 2023 Council meeting Set the Public Hearing for
April 11, 2023, and approve the Ordinance during the April 11, 2023 meeting.

Background: FEMA has revised the Cache County Flood Insurance Rate Maps. The
maps and accompanying Flood Insurance Study will become effective May 9, 2023.
Prior to the effective date, Cache County must adopt or revise local floodplain
management regulations to reference the revised study date and incorporate any
other necessary changes to meet or exceed minimum standards to remain in good
standing with the National Flood Insurance Program. Remaining in
good standing with the National Flood Insurance Program ensures residents can
purchase or renew flood insurance policies and your community will be eligible for
federal disaster assistance.

Fiscal Impact: None

Public Hearing Required: Yes, the Agenda Item is set a Public Hearing

Legal Review: Ordinance has been sent to County Attorney

CACHE COUNTY ORDINANCE No. 2023-13

AN ORDINANCE AMENDING 17.02 OF THE CACHE COUNTY CODE AND AMENDING 2.20.050 OF THE CACHE COUNTY CODE TO CHANGE THE APPEAL AUTHORITY

- (A) WHEREAS, Utah Code 17-27a-701 requires that each local government that regulates land use must appoint an “appeal authority” to hear appeals from decisions applying those land use regulations to a particular application or property; and
- (B) WHEREAS, appeal authorities are authorized to consider appeals of administrative land use decisions, and may grant variances to land use regulations; and
- (C) WHEREAS, a board of adjustment has been the appeal authority for land use decisions in Cache County; and
- (D) WHEREAS, The Cache County Council may designate a hearing officer as the appeal authority, in place of a Board of Adjustment; and
- (E) WHEREAS, hearing officers are more likely to make determinations based on law and create better records, and generally resolve appeals in a more efficient and timely manner than the current Board of Adjustments; and
- (F) WHEREAS, HB 351 was passed by the Utah State Legislature, enacting Utah Code 17-50-340, requires the County Council to create an appeal authority to hear and decide appeals from the County Recorder’s application of the rules; and
- (G) WHEREAS, hearing officers are more likely to make determinations based on law and create better records, and generally resolve appeals in a more efficient and timely manner than a yet-to-be-created Board of Records;

NOW, THEREFORE, the County Legislative Body of Cache County ordains as follows:

SECTION 1: Section 17.02 of the Cache County Code is amended to read in full as follows, with a redline copy attached as Exhibit 1:

CHAPTER 17.02 ADMINISTRATION

SECTION:

17.02.010: Purpose

17.02.020: Rules Of Procedure

17.02.030: Establishing Land Use Authority Duties, Authorities, And Powers

17.02.040: Request A Variance

17.02.050: Effective Period Of Land Use Authority Approval

17.02.060: Appeal A Land Use Authority Decision

17.02.070: Notice For Public Meetings

17.02.010: PURPOSE:

A. The purpose of this chapter is to:

1. Establish the Land Use Authority for Cache County land use ordinance decisions; and
2. Establish the Appeal Authority for Cache County land use ordinance variance and appeal decisions; and
3. Provide direction for the process of land use review and appeal.

17.02.020: RULES OF PROCEDURE:

A. The Development Services Department shall adopt rules of procedure establishing the application and decision making process for required permits and approvals. These policies and procedures, including preparation of applications, must reflect the requirements of this code. Permitting fees must be approved by resolution by the County Council. The collected fees must be used to defray the costs of administering land use requests or appeals.

17.02.030: ESTABLISHING LAND USE AUTHORITY DUTIES, AUTHORITIES, AND POWERS:

A. Director:

1. The Cache County Director of Development Services is established and functions as specified in chapter 2.40 of this code and in this chapter;
2. The Director must be appointed by the Cache County Executive;
3. The Director has the duties, authority, and powers as set forth in this chapter.
4. The Director must:

- a. Adopt procedures for land use application processes;
 - b. Administer and enforce the Land Use Ordinance, the Cache County Subdivision Ordinance, and any associated policies or procedures;
 - c. Determine the mapped location of a base or overlay zoning district boundary in instances where the location may be unclear. The Director must consider the following criteria in reaching a decision:
 - (1) The policies and development standards that apply to the base or overlay zoning district; and
 - (2) Where a base or overlay zoning district map boundary is shown following a road, right-of-way line, interstate highway, public utility right-of-way, railroad line, a stream or watercourse, or a line located midway between the main track of a railroad, the base or overlay zoning district map boundary is deemed to be changed automatically whenever such centerline is changed by natural or artificial means; and
 - d. Interpret the use related definitions in the applicable base or overlay zoning district as contained in chapter 17.09 Schedule of Zoning Uses, of this title; and
5. Designee: The Director may assign a designee to act as the land use authority in the place of the Director. Any designee must be identified in writing by the Director prior to any land use decision by the designee.

B. Planning Commission:

1. The Cache County Planning Commission is established as required by Utah Code Annotated section 17-27a-301, and has the duties, authority, and powers as found in Utah Code Annotated section 17-27a-302, as amended, and in this chapter; and
2. The Executive must appoint a Planning Commission with the advice and majority consent of the Council; and
3. The Planning Commission must be composed of seven (7) members. All members serve a term of three (3) years; and
4. The Executive, with the advice and consent of the Council, may remove a member of the Planning Commission with or without cause; and
5. The Planning Commission must adopt bylaws and rules of procedure establishing membership, the duties of officers and their selection, and for other purposes considered necessary for the functioning of the Planning Commission. These bylaws and rules of procedure must be approved by the Council; and
6. The Planning Commission must provide land use review to the Council in the following:
 - a. Preparing and recommending a General Plan and amendments to the General Plan; and

b. Recommending land use ordinances and maps, and amendments to land use ordinances and maps; and

c. On other items as the Council directs.

C. Land Use Hearing Officer:

1. Procedures.

- a. The land use hearing officer may administer oaths and compel the attendance of witnesses.
- b. All hearings before the land use hearing officer shall comply with the requirements of Chapter 4, Title 52, Utah Code, Open and Public Meetings.
- c. The land use hearing officer shall:
 - i. Keep minutes of his or her proceedings; and
 - ii. Keep records of his or her examinations and other official actions.
- d. The land use hearing officer shall file his or her records in the office of the development services division. All such records are public records.
- e. Decisions of the land use hearing officer become effective at the meeting in which the decision is made, unless a different time is designated at the time the decision is made.

2. Powers and Duties

- a. The land use hearing officer shall:
 - i. Act as the appeal authority for zoning decisions applying this title as provided in Section 19.92.050 and for conditional use decisions by a planning commission;
 - ii. Hear and decide the special exceptions to the terms of the zoning ordinance set forth in Section 19.92.060.
 - iii. Hear and decide variances from the terms of the zoning ordinance; and
 - iv. Hear and decide applications for the expansion or modification of nonconforming uses.

D. County Council:

1. The Cache County Council is established as found in Utah Code Annotated section 17-52a-504 as amended, and in title 2, chapter 2.12 of this Code, and has the land use duties, authority, and powers as represented in title 2, chapter 2.12 of this Code, Utah Code Annotated section 17-53 part 2 as amended, and this chapter.

E. Authority For Land Use Actions:

1. The Land Use Authority is responsible for the land use actions as noted in the table below:

**TABLE 17.02.030
AUTHORITY FOR LAND USE ACTIONS**

Land Use Authority	Land Use Action
Director	Zoning clearance
	Floodplain permit
	Variance for maximum structure height or minimum setback distances
Planning Commission	Subdivision
	Subdivision amendment
	Conditional use permit
Land Use Hearing Officer	Variance (except as listed under Director)
	Appeal
Council	Ordinance or ordinance amendment
	Rezone
	General Plan or General Plan amendment
	Annexation/disconnection

17.02.040: REQUEST A VARIANCE:

A. Any person or entity desiring a waiver or modification of the requirements of the land use ordinance as applied to a parcel of property that they own, lease, or in which they hold some other beneficial interest must be filed with the Cache County Development Services Department for a variance from the terms of this title. The designated Appeal Authority may grant a variance if the requirements of Utah Code Annotated section 17-27a-702 as amended have been met; and

B. A request for a variance must:

1. Be filed with Development Services Department; and

C. When a request for a variance is filed, notice is given as required by this chapter. The Appeal Authority hears that issue at the next regularly scheduled meeting, unless such time is extended for good cause or stipulation of the parties; and

D. The Appeal Authority must issue a decision in writing within fifteen (15) business days of the final hearing, which constitutes a final decision under Utah Code Annotated section 17-27a-8 as amended. (Ord. 2018-02, 3-27-2018, eff. 4-12-2018)

17.02.050: EFFECTIVE PERIOD OF LAND USE AUTHORITY APPROVAL:

A. Administrative land use decisions of approval are effective for a period of one year from the date of Land Use Authority approval; and

B. The Director must issue a notice of expiration to the agent of a project no less than ninety (90) calendar days prior to the end of the effective period of approval; and

C. All final documents required to record a permit or subdivision must be submitted to the Development Services Office no less than four (4) weeks before the approval deadline; and

D. Any approval that has lapsed beyond its effective period is void and any new application must conform to the ordinance currently in effect; and

E. No refunds are issued for void applications or permits; and

F. At the discretion of the Land Use Authority, the effective period of approval may be extended for up to six (6) months beyond the one year period of the original approval. Within that extension no development or active use of the site is allowed until the permit or subdivision plat has been recorded and all conditions have been met.

1. To request an extension an applicant must submit an application to the Development Services Office a minimum of six (6) weeks prior to the expiration of the original one year period of approval.

2. Extension requests must be reviewed by the Land Use Authority. The Land Use Authority may approve an extension request only if:

a. The reason for the extension is not economic.

b. The applicant has shown a clear pattern of working to record the plat or permit throughout the entirety of the approval period.

3. The applicant bears the burden of proving that the conditions justifying an extension have been met.

G. Where an appeal of an approval has been made, the effective period for the approval does not begin until a final decision has been issued by the Appeal Authority or Judge of the First District Court.

17.02.060: APPEAL A LAND USE AUTHORITY DECISION:

A. The Appeal Authority for Land Use Authority actions is assigned as noted in the table below:

TABLE 17.02.060
APPEAL A LAND USE AUTHORITY DECISION

Acting Authority	Appeal Authority
Director	Land Use Hearing Officer
Planning Commission	Land Use Hearing Officer
Land Use Hearing Officer	First District Court
Council	First District Court

B. Land use decisions may be appealed:

1. By a person with standing that is adversely affected as a result of a Land Use Authority's decision by alleging that any order, requirement, decision, or determination of the Land Use Authority is arbitrary, capricious or illegal; and

2. Only if it is the final decision issued by the proper Land Use Authority. The appeal of decisions made by supporting staff must be reviewed by the Land Use Authority that issued the final decision; and

3. If commenced within ten (10) business days of the adverse order, requirement, decision, or determination by filing a written notice of appeal with the Cache County Development Services Department. The notice of appeal must identify the decision being appealed and parties making the appeal; and

- a. The appellant has the burden of showing the evidence and proving that the decision of the Land Use Authority is arbitrary, capricious (unsupported by the evidence or facts of record), or illegal; and

C. When a notice of appeal is filed, notice must be given as required by this chapter. The Appeal Authority then hears that issue at the next regularly scheduled meeting for a hearing, unless such time is extended for good cause or stipulation of the parties; and

D. The Appeal Authority may require written briefs or memorandum of the parties as the Appeal Authority deems necessary. At the hearing, the appellant must appear in person or by agent; and

E. Using substantial evidence as the standard of review, the Appeal Authority determines the correctness of a decision of the Land Use Authority in its interpretation and application of a land use or subdivision ordinance. Only those decisions in which a Land Use Authority has applied a land use ordinance to a particular application, person, or parcel may be appealed; and

F. The Appeal Authority must issue a decision in writing within fifteen (15) business days of the final hearing, which constitutes a final decision under Utah Code Annotated section 17-27a-8 as amended; and

G. Any person adversely affected by a final decision of the Appeal Authority may petition the First District Court for review of the decision as permitted by law. Such a petition is barred unless filed within thirty (30) days after the Appeal Authority's decision is final in compliance with Utah Code Annotated section 17-27a-801(2) as amended; and

1. The Appeal Authority may order its decision stayed pending District Court review if the Appeal Authority finds it to be in the best interest of the County.

17.02.070: NOTICE FOR PUBLIC MEETINGS:

A. Notice for public meetings and public hearings must comply with the Open and Public Meetings Act Utah Code Annotated chapter 52-4 and Utah Code Annotated section 17-27a-2 as amended. At the discretion of the Land Use Authority additional notice requirements may be applied; and

B. Notice of the time, place, and subject matter of a meeting must be given to the person making a request, the Land Use Authority or official, other affected parties as directed by law, and all adjoining property owners within a three hundred foot (300') radius of the boundary of the subject property.

SECTION 2:

Section 2.20.050 of the Cache County Code is amended to read in full as follows, with a redline copy attached as Exhibit 2

2.20.050: COUNTY RECORDER:

1. There shall be an office of county recorder, headed by an elected county recorder. The office of county recorder shall have all the functions, responsibilities and powers provided by law.
2. Appeal of a Recorder Decision:
 - a. County Recorder decisions may be appealed:
 - i. By a person with standing that is adversely affected as a result of The Recorder's decision by alleging that The Recorder's decision did not comply with rules made by the County Recorder Standards Board under Section 63C-29-20; and
 - ii. Only if it is the final decision issued by The Recorder, as appeals of decisions made by supporting staff must be reviewed by the Recorder.
 - b. Notices of Appeals must:

- i. Commence within ten (10) business days of the adverse order, requirement, decision, or determination by filing a written notice of appeal with the Cache County Recorder's Office;
 - ii. Identify the decision being appealed and parties making the appeal; and
- c. The appellant has the burden of showing the evidence and proving that The Recorder's decision did not comply with rules made by the County Recorder Standards Board under Section 63C-29-202.
- d. The Appeal Authority shall be the same Hearing Officer used for appeals of Land Use Authority Decisions.
- e. When a notice of appeal is filed, the Appeal Authority then hears that issue at the next regularly scheduled meeting for a hearing, unless such time is extended for good cause or stipulation of the parties; and
- f. The Appeal Authority may require written briefs or memorandum of the parties as the Appeal Authority deems necessary. At the hearing, the appellant must appear in person or by agent; and
- g. Using substantial evidence as the standard of review, the Appeal Authority determines the correctness of a decision of the Recorder in its interpretation and application rules made by the County Recorder Standards Board under Section 63C-29-20. Only those decisions in which the Recorder has applied rules made by the County Recorder Standards Board under Section 63C-29-20 may be appealed; and
- h. The Appeal Authority must issue a decision in writing within fifteen (15) business days of the final hearing, which constitutes a final decision under Utah Code Annotated section 17-50-340 as amended; and
- i. Any person adversely affected by a final decision of the Appeal Authority may petition the First District Court for review of the decision as permitted by law; and
- j. The Appeal Authority may order its decision stayed pending District Court review if the Appeal Authority finds it to be in the best interest of the County.

SECTION 3:

This ordinance takes effect 15 days following its passage and approval by the County Council.

EXHIBIT 1

CHAPTER 17.02 ADMINISTRATION

SECTION:

17.02.010: Purpose

17.02.020: Rules Of Procedure

17.02.030: Establishing Land Use Authority Duties, Authorities, And Powers

17.02.040: Request A Variance

17.02.050: Effective Period Of Land Use Authority Approval

17.02.060: Appeal A Land Use Authority Decision

17.02.070: Notice For Public Meetings

17.02.010: PURPOSE:

A. The purpose of this chapter is to:

1. Establish the Land Use Authority for Cache County land use ordinance decisions; and
2. Establish the Appeal Authority for Cache County land use ordinance variance and appeal decisions; and
3. Provide direction for the process of land use review and appeal. (Ord. 2018-02, 3-27-2018, eff. 4-12-2018)

17.02.020: RULES OF PROCEDURE:

A. The Development Services Department shall adopt rules of procedure establishing the application and decision making process for required permits and approvals. These policies and procedures, including preparation of applications, must reflect the requirements of this code. Permitting fees must be approved by resolution by the County Council. The collected fees must be used to defray the costs of administering land use requests or appeals. (Ord. 2018-02, 3-27-2018, eff. 4-12-2018; amd. Ord. 2020-02, - - 2020)

17.02.030: ESTABLISHING LAND USE AUTHORITY DUTIES, AUTHORITIES, AND POWERS:

A. Director:

1. The Cache County Director of Development Services is established and functions as specified in chapter 2.40 of this code and in this chapter;

2. The Director must be appointed by the Cache County Executive;

3. The Director has the duties, authority, and powers as set forth in this chapter.

4. The Director must:

a. Adopt procedures for land use application processes;

b. Administer and enforce the Land Use Ordinance, the Cache County Subdivision Ordinance, and any associated policies or procedures;

c. Determine the mapped location of a base or overlay zoning district boundary in instances where the location may be unclear. The Director must consider the following criteria in reaching a decision:

(1) The policies and development standards that apply to the base or overlay zoning district; and

(2) Where a base or overlay zoning district map boundary is shown following a road, right-of-way line, interstate highway, public utility right-of-way, railroad line, a stream or watercourse, or a line located midway between the main track of a railroad, the base or overlay zoning district map boundary is deemed to be changed automatically whenever such centerline is changed by natural or artificial means; and

d. Interpret the use related definitions in the applicable base or overlay zoning district as contained in chapter 17.09 Schedule of Zoning Uses, of this title; and

5. Designee: The Director may assign a designee to act as the land use authority in the place of the Director. Any designee must be identified in writing by the Director prior to any land use decision by the designee.

B. Planning Commission:

1. The Cache County Planning Commission is established as required by Utah Code Annotated section 17-27a-301, and has the duties, authority, and powers as found in Utah Code Annotated section 17-27a-302, as amended, and in this chapter; and

2. The Executive must appoint a Planning Commission with the advice and majority consent of the Council; and

3. The Planning Commission must be composed of seven (7) members. All members serve a term of three (3) years; and

4. The Executive, with the advice and consent of the Council, may remove a member of the Planning Commission with or without cause; and
5. The Planning Commission must adopt bylaws and rules of procedure establishing membership, the duties of officers and their selection, and for other purposes considered necessary for the functioning of the Planning Commission. These bylaws and rules of procedure must be approved by the Council; and
6. The Planning Commission must provide land use review to the Council in the following:
 - a. Preparing and recommending a General Plan and amendments to the General Plan; and
 - b. Recommending land use ordinances and maps, and amendments to land use ordinances and maps; and
 - c. On other items as the Council directs.

C. ~~Board Of Adjustments~~ Land Use Hearing Officer:

1. Procedures.

- a. The land use hearing officer may administer oaths and compel the attendance of witnesses.
- b. All hearings before the land use hearing officer shall comply with the requirements of Chapter 4, Title 52, Utah Code, Open and Public Meetings.
- c. The land use hearing officer shall:
 - i. Keep minutes of his or her proceedings; and
 - ii. Keep records of his or her examinations and other official actions.
- d. The land use hearing officer shall file his or her records in the office of the development services division. All such records are public records.
- e. Decisions of the land use hearing officer become effective at the meeting in which the decision is made, unless a different time is designated at the time the decision is made.

2. Powers and Duties

- a. The land use hearing officer shall:
 - i. Act as the appeal authority for zoning decisions applying this title as provided in Section 19.92.050 and for conditional use decisions by a planning commission:
 - ii. Hear and decide the special exceptions to the terms of the zoning ordinance set forth in Section 19.92.060.

iii. Hear and decide variances from the terms of the zoning ordinance; and

iv. Hear and decide applications for the expansion or modification of nonconforming uses.

~~1. The Cache County Board of Adjustments, the BOA, is established and has the duties, authority, and powers as represented within Utah Code Annotated section 17-27a part 7 as amended, and in this chapter; and~~

~~2. The BOA must be composed of five (5) members. All members serve a term of five (5) years. The term of one member expires each year; and~~

~~3. The Executive must appoint each member of the BOA with the advice and consent of the County Council. The Executive, with the advice and consent of the County Council, may remove a member of the BOA with or without cause; and~~

~~4. The BOA must adopt bylaws and rules of procedure establishing membership, the duties of officers and their selection, and for other purposes considered necessary for the functioning of the BOA. These bylaws and rules of procedure must be approved by the Council.~~

D. County Council:

1. The Cache County Council is established as found in Utah Code Annotated section 17-52a-504 as amended, and in title 2, chapter 2.12 of this Code, and has the land use duties, authority, and powers as represented in title 2, chapter 2.12 of this Code, Utah Code Annotated section 17-53 part 2 as amended, and this chapter.

E. Authority For Land Use Actions:

1. The Land Use Authority is responsible for the land use actions as noted in the table below:

**TABLE 17.02.030
AUTHORITY FOR LAND USE ACTIONS**

Land Use Authority	Land Use Action
Director	Zoning clearance
	Floodplain permit
	Variance for maximum structure height or minimum setback distances
Planning Commission	Subdivision
	Subdivision amendment
	Conditional use permit

<u>Board of Adjustments</u> <u>Land Use Hearing Officer</u>	Variance (except as listed under Director)
	Appeal
Council	Ordinance or ordinance amendment
	Rezone
	General Plan or General Plan amendment
	Annexation/disconnection

(Ord. 2018-02, 3-27-2018, eff. 4-12-2018; amd. Ord. 2020-02, --2020)

17.02.040: REQUEST A VARIANCE:

A. Any person or entity desiring a waiver or modification of the requirements of the land use ordinance as applied to a parcel of property that they own, lease, or in which they hold some other beneficial interest must be filed with the Cache County Development Services Department for a variance from the terms of this title. The designated Appeal Authority may grant a variance if the requirements of Utah Code Annotated section 17-27a-702 as amended have been met; and

B. A request for a variance must:

1. Be filed with Development Services Department; and

C. When a request for a variance is filed, notice is given as required by this chapter. The Appeal Authority hears that issue at the next regularly scheduled meeting, unless such time is extended for good cause or stipulation of the parties; and

D. The Appeal Authority must issue a decision in writing within fifteen (15) business days of the final hearing, which constitutes a final decision under Utah Code Annotated section 17-27a-8 as amended. (Ord. 2018-02, 3-27-2018, eff. 4-12-2018)

17.02.050: EFFECTIVE PERIOD OF LAND USE AUTHORITY APPROVAL:

A. Administrative land use decisions of approval are effective for a period of one year from the date of Land Use Authority approval; and

B. The Director must issue a notice of expiration to the agent of a project no less than ninety (90) calendar days prior to the end of the effective period of approval; and

C. All final documents required to record a permit or subdivision must be submitted to the Development Services Office no less than four (4) weeks before the approval deadline; and

D. Any approval that has lapsed beyond its effective period is void and any new application must conform to the ordinance currently in effect; and

E. No refunds are issued for void applications or permits; and

F. At the discretion of the Land Use Authority, the effective period of approval may be extended for up to six (6) months beyond the one year period of the original approval. Within that extension no development or active use of the site is allowed until the permit or subdivision plat has been recorded and all conditions have been met.

1. To request an extension an applicant must submit an application to the Development Services Office a minimum of six (6) weeks prior to the expiration of the original one year period of approval.

2. Extension requests must be reviewed by the Land Use Authority. The Land Use Authority may approve an extension request only if:

a. The reason for the extension is not economic.

b. The applicant has shown a clear pattern of working to record the plat or permit throughout the entirety of the approval period.

3. The applicant bears the burden of proving that the conditions justifying an extension have been met.

G. Where an appeal of an approval has been made, the effective period for the approval does not begin until a final decision has been issued by the Appeal Authority or Judge of the First District Court. (Ord. 2018-02, 3-27-2018, eff. 4-12-2018)

17.02.060: APPEAL A LAND USE AUTHORITY DECISION:

A. The Appeal Authority for Land Use Authority actions is assigned as noted in the table below:

TABLE 17.02.060

APPEAL A LAND USE AUTHORITY DECISION

Acting Authority	Appeal Authority
Director	Board of Adjustments Land Use Hearing Officer
Planning Commission	Board of Adjustments Land Use Hearing Officer
Board of Adjustments Land Use Hearing Officer	First District Court
Council	First District Court

B. Land use decisions may be appealed:

1. By a person with standing that is adversely affected as a result of a Land Use Authority's decision by alleging that ~~the Land Use Authority erred in~~ any order, requirement, decision, or determination of the Land Use Authority is arbitrary, capricious or illegal; and

2. Only if it is the final decision issued by the proper Land Use Authority. The appeal of decisions made by supporting staff must be reviewed by the Land Use Authority that issued the final decision; and

3. If commenced within ten (10) business days of the adverse order, requirement, decision, or determination by filing a written notice of appeal with the Cache County Development Services Department. The notice of appeal must identify the decision being appealed and parties making the appeal; and

a. The appellant has the burden of showing the evidence and proving that the decision of the Land Use Authority is arbitrary, capricious (unsupported by the evidence or facts of record), or illegal~~erred~~; and

C. When a notice of appeal is filed, notice must be given as required by this chapter. The Appeal Authority then hears that issue at the next regularly scheduled meeting for a hearing, unless such time is extended for good cause or stipulation of the parties; and

D. The Appeal Authority may require written briefs or memorandum of the parties as the Appeal Authority deems necessary. At the hearing, the appellant must appear in person or by agent; and

E. Using substantial evidence as the standard of review, the Appeal Authority determines the correctness of a decision of the Land Use Authority in its interpretation and application of a land use or subdivision ordinance. Only those decisions in which a Land Use Authority has applied a land use ordinance to a particular application, person, or parcel may be appealed; and

F. The Appeal Authority must issue a decision in writing within fifteen (15) business days of the final hearing, which constitutes a final decision under Utah Code Annotated section 17-27a-8 as amended; and

G. Any person adversely affected by a final decision of the Appeal Authority may petition the First District Court for review of the decision as permitted by law. Such a petition is barred unless filed within thirty (30) days after the Appeal Authority's decision is final in compliance with Utah Code Annotated section 17-27a-801(2) as amended; and

1. The Appeal Authority may order its decision stayed pending District Court review if the Appeal Authority finds it to be in the best interest of the County. (Ord. 2018-02, 3-27-2018, eff. 4-12-2018)

17.02.070: NOTICE FOR PUBLIC MEETINGS:

A. Notice for public meetings and public hearings must comply with the Open and Public Meetings Act Utah Code Annotated chapter 52-4 and Utah Code Annotated section 17-27a-2 as amended. At the discretion of the Land Use Authority additional notice requirements may be applied; and

B. Notice of the time, place, and subject matter of a meeting must be given to the person making a request, the Land Use Authority or official, other affected parties as directed by law, and all adjoining property owners within a three hundred foot (300') radius of the boundary of the subject property. (Ord. 2018-02, 3-27-2018, eff. 4-12-2018)

EXHIBIT 2

2.20.050: COUNTY RECORDER:

1. There shall be an office of county recorder, headed by an elected county recorder. The office of county recorder shall have all the functions, responsibilities and powers provided by law.
2. Appeal of a Recorder Decision:
 - a. County Recorder decisions may be appealed:
 - i. By a person with standing that is adversely affected as a result of The Recorder's decision by alleging that The Recorder's decision did not comply with rules made by the County Recorder Standards Board under Section 63C-29-20; and
 - ii. Only if it is the final decision issued by The Recorder, as appeals of decisions made by supporting staff must be reviewed by the Recorder.
 - b. Notices of Appeals must:
 - i. Commence within ten (10) business days of the adverse order, requirement, decision, or determination by filing a written notice of appeal with the Cache County Recorder's Office;
 - ii. Identify the decision being appealed and parties making the appeal; and

- c. The appellant has the burden of showing the evidence and proving that The Recorder's decision did not comply with rules made by the County Recorder Standards Board under Section 63C-29-202.
- d. The Appeal Authority shall be the same Hearing Officer used for appeals of Land Use Authority Decisions.
- e. When a notice of appeal is filed, the Appeal Authority then hears that issue at the next regularly scheduled meeting for a hearing, unless such time is extended for good cause or stipulation of the parties; and
- f. The Appeal Authority may require written briefs or memorandum of the parties as the Appeal Authority deems necessary. At the hearing, the appellant must appear in person or by agent; and
- g. Using substantial evidence as the standard of review, the Appeal Authority determines the correctness of a decision of the Recorder in its interpretation and application rules made by the County Recorder Standards Board under Section 63C-29-20. Only those decisions in which the Recorder has applied rules made by the County Recorder Standards Board under Section 63C-29-20 may be appealed; and
- h. The Appeal Authority must issue a decision in writing within fifteen (15) business days of the final hearing, which constitutes a final decision under Utah Code Annotated section 17-50-340 as amended; and
- i. Any person adversely affected by a final decision of the Appeal Authority may petition the First District Court for review of the decision as permitted by law; and
- j. The Appeal Authority may order its decision stayed pending District Court review if the Appeal Authority finds it to be in the best interest of the County.

CACHE COUNTY ORDINANCE No. 2023-14

AN ORDINANCE AMENDING AND SUPERSEDING CHAPTER 28 OF TITLE 15 OF THE CACHE COUNTY CODE REGARDING CACHE COUNTY'S FLOOD DAMAGE PREVENTION ORDINANCE

WHEREAS, the State of Utah has authorized Cache County to adopt Ordinances regulating private lands and construction on said lands; and

WHEREAS, the purpose of this ordinance is to provide clear guidelines for development within floodplains that protect the life and property of the citizens of Cache County; and

WHEREAS, the County Council caused notice of the hearing and the amendments to Title 15.28 of the Cache County Code to be advertised at least ten (10) days before the date of the public hearing in The Harald Journal, a newspaper of general circulation in Cache County; and

WHEREAS, on April 11th, 2023, at 5:30 P.M., the County Council held a public hearing to consider any comments regarding the proposed amendments to Title 15.28 of the Cache County Code. The Cache County Council accepted all comments; and

WHEREAS, the Cache County Council has determined that it is both necessary and appropriate for the County to amend and implement these ordinances.

NOW, THEREFORE, BE IT ORDAINED by the County Legislative Body of Cache County that Chapters 28 of Title 15 of the Cache County Code is hereby amended and superseded as follows:

1. Statutory Authority.

The statutory authority for enacting this ordinance is Utah Code Annotated Sections 17-50-302 (1953, as amended to date).

2. Purpose of Provisions.

The purpose of this ordinance is to amend and supersede Chapter 28 of Title 15 of the Cache County Code regarding Flood Damage Prevention to insure the protection of public and private land, structures, and life throughout areas of the County from floodwaters.

3. Findings

- A. The amendments to Title 15.28 of the Cache County Code are in conformity with Utah Code Annotated, § 17-50-302 (1953, as amended).
- B. The amendments to Title 15.28 of the Cache County Code are necessary to establish restrictions and guidelines for development within floodplains and other areas prone to flood damage throughout the County, as designated by Flood Insurance Rate Maps (FIRM) provided by the Federal Emergency Management Agency (FEMA), in order to protect the life and property of land owners throughout the County.

- C. The amendments to Title 15.28 of the Cache County Code will insure the protection, preservation and promotion of the public interest, health, safety, convenience, comfort, prosperity and general welfare.
- D. It is in the interest of the public and the citizens of Cache County that the proposed amendments to Title 15.28 of the Cache County Code be approved.
4. Title 15, Chapter 28 of the Cache County Code is amended to read as follows;
SEE EXHIBIT A
5. Prior Ordinances, Resolutions, Policies AND Actions Superseded.
This ordinance amends and supersedes Chapter 28 of Title 15 of the Cache County Code, and all prior ordinances, resolutions, policies and actions of the Cache County Council to the extent that the provisions of such prior ordinances, resolutions, policies, or actions are in conflict with this ordinance. In all other respects, such prior ordinances, resolutions, policies, and actions shall remain in full force and effect.
6. Effective Date.
This ordinance takes effect on May , 2023. Following its passage but prior to the effective date, a copy of the Ordinance shall be deposited with the County Clerk and a short summary of the ordinance shall be published in a newspaper of general circulation within the County as required by law.

This ordinance takes effect 15 days following its passage and approval by the County Council.

PASSED AND APPROVED BY THE COUNTY COUNCIL OF CACHE COUNTY,
UTAH THIS ____ DAY OF _____ 2023.

15.28.550: FLOODWAYS:	21

15.28.100: AUTHORITY, PURPOSE, AND METHODS:

15.28.110: STATUTORY AUTHORIZATION:

The legislature of the state of Utah has in Utah code annotated 17-50-3 delegated the responsibility to counties to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry. Therefore, the County Council of Cache County does have or has been delegated the responsibility of local governmental units to adopt regulations designed to minimize Flood losses and, therefore, does ordain as follows: Cache County elects to comply with the requirements of the National Flood Insurance Act of 1968 (P.L. 90-488, as amended). The National Flood Insurance Program (NFIP) is a voluntary program administered by the Federal Emergency Management Agency (FEMA), a component of the U.S. Department of Homeland Security, and Cache County's community officials have elected to join the program, participate, and enforce this Flood Damage Prevention Ordinance and the requirements and regulations of the NFIP. The NFIP, established in the aforesaid act, provides that areas of Cache County having a special flood hazard be identified by FEMA, and that floodplain management measures be applied in such flood hazard areas. Furthermore, Cache County may elect to administer the Flood Damage Prevention Ordinance to areas not identified as Special Flood Hazard Areas (SFHAs) by FEMA on the community's effective Flood Insurance Rate Map (FIRM), if the community has documentation to support that there is an inherent risk of flooding in such areas.

Findings of Fact

(1) The Flood hazard areas of Cache County are subject to periodic inundation which may result in the potential loss of life and property, health and safety hazards, disruption of commerce and governmental services, and extraordinary public expenditures for Flood protection and relief, all of which adversely affect the public health, safety, and general welfare.

(2) These Flood losses are created by the cumulative effect of obstructions in Floodplains which cause an increase in Flood heights and velocities, and by the occupancy of SFHAs by uses vulnerable to Floods and hazardous to other lands because they are inadequately elevated, floodproofed, or otherwise protected from Flood damage.

15.28.120: PURPOSE:

It is the purpose of this chapter to promote the public health, safety, and general welfare and to minimize public and private losses due to Flood conditions in specific areas by:

- A. Protecting human life and health;
- B. Minimizing expenditure of public money for costly Flood control projects;
- C. Minimizing the need for rescue and relief efforts associated with Flooding and generally undertaken at the expense of the general public;

- D. Minimizing prolonged business interruptions;
- E. Minimizing damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges located in Floodplains;
- F. Helping maintain a stable tax base by providing for the sound use and Development of Flood prone areas in such a manner as to minimize future Flood blight areas; and
- G. Notifying potential buyers that property is in a Flood area.

15.28.130: METHODS OF REDUCING FLOOD LOSSES:

- A. Restrict or prohibit uses that are dangerous to health, safety, or property in times of Flood, or cause excessive increases in Flood heights or velocities;
- B. Require that uses vulnerable to Floods, including facilities which serve such uses, be protected against Flood damage at the time of initial construction;
- C. Control the alteration of natural Floodplains, stream channels, and natural protective barriers, which are involved in the accommodation of floodwaters;
- D. Control Filling, grading, dredging, and other Development which may increase Flood damage; and
- E. Prevent or regulate the construction of Flood barriers which will unnaturally divert floodwaters or which may increase Flood hazards to other lands.

15.28.200: DEFINITIONS:

Unless specifically defined below, words or phrases used in this chapter must be interpreted to give them the meaning they have in common usage and to give this chapter its most reasonable application. Words used in the singular also include the plural, and the plural also includes the singular; words used in the present tense also include the future tense. Some words within this chapter are defined by either state or federal departments that regulate or permit Floodplains. Words not defined in this section are construed to have the meaning given by common and ordinary use as defined in the latest edition of Webster's Dictionary.

ACRONYMS:

BFE: Base Flood Elevation
 CLOMR: Conditional Letter of Map Revision
 DFIRM: Digital Flood Insurance Rate Map
 FBFM: Flood Boundary and Floodway Map
 FEMA: Federal Emergency Management Agency
 FHBM: Flood Hazard Boundary Map
 FIRM: Flood Insurance Rate Map
 FIS: Flood Insurance Study
 LOMR: Letter of Map Revision
 NFIP: National Flood Insurance Program
 SFHA: Special Flood Hazard Area

AREA OF SHALLOW FLOODING: A designated AO, AH, or VO zone on a community's FIRM with a 1% chance or greater annual chance of Flooding to an average depth of 1 to 3 feet where a clearly defined channel does not exist, where the path of Flooding is unpredictable, and where velocity flow may be evident. Such Flooding is characterized by ponding or sheet flow.

BASE FLOOD: A Flood having a 1% chance of being equaled or exceeded in any given year. Also known as the 1%-annual-chance Flood event.

BFE: The Water Surface Elevation of the Base Flood. It is the height in relation to Mean Sea Level expected to be reached by the waters of the Base Flood at pertinent points in the Floodplains of coastal and riverine areas. It is also the elevation shown on the FIRM and found in the accompanying FIS for Zones A, AE, AH, A1-A30, AR, V1-V30, or VE that indicates the Water Surface Elevation resulting from the Base Flood.

BASEMENT: Any area of the building having its floor subgrade (below ground level) on all sides.

BEST AVAILABLE DATA: Existing flood hazard information adopted by a community and reflected on an effective FIRM, FBFM, and/or within an FIS report; or draft or preliminary flood hazard information supplied by FEMA or from another source. Other sources may include, but are not limited to, state, other federal agencies, or local studies, the more restrictive of which would be reasonably used by the community.

CLOMR: A letter from FEMA commenting on whether a proposed project, if built as proposed, or proposed hydrology changes would meet minimum National Flood Insurance Program standards.

CRAWLSPACE: An under-floor space that has its interior floor area (finished or not) no more than 4 feet from the bottom floor joist of the next higher floor elevation, designed with proper openings that equalize hydrostatic pressures of floodwater, and is not used for habitation.

DEVELOPMENT: Any manmade change in improved and unimproved real estate, including, but not limited to, buildings or other Structures, mining, dredging, Filling, grading, paving, excavation or drilling operations, or storage of equipment or materials.

ENCLOSURE: An enclosed walled-in area below the Lowest Floor of an elevated building. Enclosures below the BFE may only be used for building access, vehicle parking, and storage.

EROSION: The process of the gradual wearing away of land masses by wind, water, or other agents.

EXISTING CONSTRUCTION: For the purposes of determining rates, Structures for which the Start of Construction commenced before the effective date of the FIRM or before January 1, 1975, for FIRMs effective before that date. Existing Construction may also be referred to as existing Structures.

EXISTING MANUFACTURED HOME PARK OR SUBDIVISION: A Manufactured Home Park or Subdivision for which the construction of facilities for servicing the lots on which the Manufactured Homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the Floodplain Management Regulations adopted by a community.

EXPANSION TO AN EXISTING MANUFACTURED HOME PARK OR SUBDIVISION: The preparation of additional sites by the construction of facilities for servicing the lots on which the Manufactured Homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

FILL: The placement of materials, such as dirt, sand, or rock to elevate a Structure, property, or portion of a property above the natural elevation of the site, regardless of where the material was obtained from. The common practice of removing unsuitable material and replacing with engineered material is not considered Fill if the elevations are returned to the existing conditions. Any Fill placed or used prior to the area being mapped as a SFHA is not deemed as Fill.

FBFM: An official map of a community, issued by FEMA, on which SFHAs and the Floodways are delineated. This official map is a supplement to and must be used in conjunction with the FIRM.

FLOOD (OR FLOODING): A general and temporary condition of partial or complete inundation of normally dry land areas from:

- A. The overflow of inland or tidal waters.
- B. The unusual and rapid accumulation or runoff of surface waters from any source.

FLOOD HAZARD BOUNDARY MAP (FHBM): Official map of a community issued by FEMA, where the boundaries of the flood, mudflow and related erosion areas having special hazard have been designated.

FLOODPLAIN DEVELOPMENT PERMIT: A permit or document issued by Cache County that is used for any Development that occurs within an SFHA identified by FEMA or Cache County. The permit is used to ensure the proposed Development is compliant with Cache County's ordinance.

FIRM: An official map of a community that identifies FEMA-delineated SFHAs and the risk premium zones applicable to the community. A FIRM that has been made available digitally is called a DFIRM.

FIS: The official report provided by FEMA. The report contains Flood profiles, Water Surface Elevation of the Base Flood, as well as the FBFM (if applicable), FIRM, and supporting technical data.

FLOOD OPENING: An opening in the wall of an enclosed structure that allows floodwaters to automatically enter and exit the Enclosure. Refer to FEMA Technical Bulletin 1.

FLOODPROOFING: Any combination of structural and nonstructural additions, changes, or adjustments to Structures which reduce or eliminate Flood damage to real estate or improved real property, water and sanitary facilities, Structures, and their contents.

FLOODPLAIN (OR FLOOD PRONE AREA): Any land area susceptible to being inundated by water from any source (see definition of Flood).

FLOODPLAIN MANAGEMENT: The operation of an overall program of corrective and preventive measures for reducing Flood damage, including, but not limited to, emergency preparedness plans, Flood control works, and Floodplain Management Regulations.

FLOODPLAIN MANAGEMENT REGULATIONS: Land use ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a Floodplain ordinance, grading ordinance, and Erosion control ordinance), and other applications of police power. The term describes such state or local regulations, in any combination thereof, which provide standards for the purpose of Flood damage prevention and reduction.

FLOODWAY: The channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the Base Flood without cumulatively increasing the Water Surface Elevation more than a designated height.

FUNCTIONALLY DEPENDENT USE: A use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and shipbuilding and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

HIGHEST ADJACENT GRADE: The highest natural elevation of the ground surface prior to construction next to the proposed walls of a Structure.

HISTORIC STRUCTURE: Any Structure that is:

A. Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;

B. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary of the Interior to qualify as a registered historic district;

C. Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or

D. Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:

1. By an approved state program as determined by the Secretary of the Interior; or
2. Directly by the Secretary of the Interior in states without approved programs.

LOMR: FEMA's modification or revision to all or a portion of the FIRM, FBFM, or both. LOMRs are generally based on the implementation of physical measures that affect the hydrologic or hydraulic characteristics of a Flooding source and thus result in the modification of the existing Floodway, BFEs, or SFHAs.

LOWEST FLOOR: The Lowest Floor of the lowest enclosed area (including Basement). An unfinished or Flood resistant Enclosure, usable solely for parking of vehicles, building access, or storage in an area other than a Basement area is not considered a building's Lowest Floor; provided that such Enclosure is not built so as to render the Structure in Violation of the applicable non-elevation design requirement of section 60.3 of the NFIP regulations.

MANUFACTURED HOME: A Structure transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. A Manufactured Home is not Recreational Vehicle.

MANUFACTURED HOME PARK OR SUBDIVISION: A parcel or contiguous parcels of land divided into two or more Manufactured Home lots for rent or sale.

MEAN SEA LEVEL: For purposes of the NFIP, the National Geodetic Vertical Datum of 1929 or other datum, to which BFEs shown on a community's FIRM are referenced.

NFIP: A program created by the Congress of the United States in 1968 through the National Flood Insurance Act of 1968 (P.L. 90-448). The NFIP has two purposes: to share the risk of Flood losses through Flood insurance and to reduce Flood damages by restricting Floodplain development. The program enables property owners in participating communities to purchase insurance protection, administered by the government, against losses from Flooding, and requires Flood insurance for all loans or lines of credit that are secured by existing buildings, Manufactured Homes, or buildings under construction, that

are located in the SFHA in a community that participates in the NFIP. U.S. Congress limits availability to communities that adopt adequate land use and control measures with effective enforcement provisions to reduce Flood damages by restricting Development in areas exposed to Flooding. The NFIP is managed and administrated by the FEMA.

NEW CONSTRUCTION: For the purpose of determining insurance rates, Structures for which the Start of Construction commenced on or after the effective date of an initial FIRM or after December 31, 1974, whichever is later, and includes any subsequent improvements to such Structures. For Floodplain Management purposes, New Construction means Structures for which the Start of Construction commenced on or after the effective date of a Floodplain Management regulation adopted by a community and includes any subsequent improvements to such Structures.

NEW MANUFACTURED HOME PARK OR SUBDIVISION: A Manufactured Home Park or Subdivision for which the construction of facilities for servicing the lots on which the Manufactured Homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of Floodplain Management Regulations adopted by a community.

NO-RISE CERTIFICATION: Formal certifications signed and stamped by a professional engineer licensed to practice in the state, demonstrating through hydrologic and hydraulic analyses performed in accordance with standard engineering practice that a proposed Development will not result in any increase (0.00 feet) in Flood levels during the occurrence of a Base Flood.

RECREATIONAL VEHICLE: A vehicle which is:

- A. Built on a single chassis;
- B. 400 square feet or less when measured at the largest horizontal projections;
- C. Designed to be self-propelled or permanently towable by a light duty truck; and
- D. Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

SFHA: The land in the Floodplain within a community subject to a 1% or greater chance of Flooding in any given year. The area may be designated as zone A on the FHBM. After detailed ratemaking has been completed in preparation for publication of the FIRM, zone A usually is refined into zones A, AE, AH, AO, A1-A99, VO, V1-V30, VE or V.

START OF CONSTRUCTION: For other than New Construction or Substantial Improvements under the Coastal Barrier Resources Act (Pub. L. 97-348), includes Substantial Improvement and means the date the building permit was issued, provided the actual Start of Construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within 180 days of the permit date. The actual start means the first placement of permanent construction of a Structure on a site, such as:

- Pouring of slab or footings;
- Installation of piles;
- Construction of columns;
- Any work beyond the stage of excavation; or
- Placement of a Manufactured Home on a foundation.

Permanent construction does not include land preparation, such as:

- Clearing, grading, and Filling;
- Installation of streets and/or walkways;
- Excavation for Basement, footings, piers, or foundations;
- Erection of temporary forms; or
- Installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main Structure.

For a Substantial Improvement, the actual Start of Construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

STRUCTURE: A walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a Manufactured Home.

SUBSTANTIAL DAMAGE: Damage of any origin sustained by a Structure whereby the cost of restoring the Structure to its before damaged condition would equal or exceed 50% of the market value of the Structure before the damage occurred.

SUBSTANTIAL IMPROVEMENT: Any reconstruction, rehabilitation, addition, or other improvement of a Structure, the cost of which equals or exceeds 50% of the market value of the Structure before Start of Construction of the improvement. This includes Structures which have incurred Substantial Damage, regardless of the actual repair work performed. The term does not include:

- A. Any project for improvement of a Structure to correct existing Violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary conditions; or
- B. Any alteration of a Historic Structure, provided that the alteration will not preclude the Structure's continued designation as a Historic Structure.

VARIANCE: A grant of relief to a person from the requirements of this chapter when specific enforcement would result in unnecessary hardship. A Variance permits construction or Development in a manner otherwise prohibited by this chapter. (For full requirements see section 60.6 of the NFIP regulations.)

VIOLATION: The failure of a Structure or other Development to be fully compliant with the community's Floodplain Management Regulations. A Structure or other Development without the elevation certificate, other certifications, or other evidence of compliance

required in section 60.3(b)(5), (c)(4), (c)(10), (d)(3), (e)(2), (e)(4), or (e)(5) of the NFIP regulations is presumed to be in Violation until such time as that documentation is provided.

WATER SURFACE ELEVATION: The height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929 (or other datum, where specified), of Floods of various magnitudes and frequencies in the Floodplains of coastal or riverine areas.

15.28.300: GENERAL PROVISIONS:

15.28.305: LANDS TO WHICH THIS ORDINANCE APPLIES:

The ordinance applies all SFHAs within the unincorporated area of Cache County.

15.28.310: BASIS FOR ESTABLISHING THE SFHA:

The SFHAs identified by FEMA in a scientific and engineering report entitled, "The Flood Insurance Study For Cache County", dated May 9, 2023, with accompanying FIRMs and FBFMs and any revisions thereto are hereby adopted by reference and declared to be a part of this chapter. Cache County automatically adopts all FEMA effective FIRMs and all FEMA effective FISs. The ordinance shall also apply to areas of identified and documented flood risk supported using Best Available Data. When Best Available data contradicts the FIRMs, FIS, and/or the FBFM, the more restrictive data shall be utilized.

15.28.320: ESTABLISHMENT OF FLOODPLAIN DEVELOPMENT PERMIT:

A Floodplain Development Permit must be required to ensure conformance with the provisions of this chapter.

15.28.330: COMPLIANCE:

No Structure or land must hereafter be located, altered, or have its use changed without full compliance with the terms of this chapter and other applicable regulations. No structures or developments including buildings, recreation vehicles, or manufactured homes or land shall hereafter be located, altered, or have its use changed without full compliance with the terms of this ordinance and other applicable regulations. Nothing herein shall prevent Cache County from taking such lawful action as is necessary to prevent or remedy any violations.

15.28.340: ABROGATION AND GREATER RESTRICTIONS:

This chapter is not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this chapter and another ordinance, easement, covenant, or deed restriction conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

15.28.350: INTERPRETATION:

In the interpretation and application of this chapter, all provisions must be:

- A. Considered as minimum requirements;
- B. Liberally construed in favor of the governing body; and
- C. Deemed neither to limit nor repeal any other powers granted under state statutes.

15.28.360: WARNING AND DISCLAIMER OF LIABILITY:

The degree of Flood protection required by this chapter is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. On rare occasions greater Floods can and will occur and Flood heights may be increased by manmade or natural causes. This chapter does not imply that land outside SFHAs or uses permitted within SFHAs will be free from Flooding or Flood damages. This chapter shall not create liability on the part of Cache County or any official or employee thereof for any Flood damages that result from reliance on this chapter, or any administrative decision lawfully made thereunder.

15.28.362 SEVERABILITY

If any section, provision, or portion of this ordinance is adjudged unconstitutional or invalid by a court, the remainder of the ordinance shall not be affected.

15.28.365: REQUIREMENT TO SUBMIT NEW TECHNICAL DATA.

A. If the project is determined or reasonably believed to cause an adverse effect on the BFE(s), boundaries of the floodplain or any insurable structures, technical justification for the proposed development shall be submitted and the community may require a CLOMR or LOMR to be submitted prior to the permit approval or as a requirement of the permit.

B. The property owner or developer must notify FEMA by submittal of a LOMR within 6 months of project completion when an applicant had obtained a CLOMR from FEMA or when Development altered a watercourse, modified Floodplain boundaries, or modified BFE.

C. The property owner or developer must be responsible for preparing technical data to support the CLOMR or LOMR application and paying any processing or application fees to FEMA. The property owner or developer is responsible for submitting the CLOMR and LOMR to FEMA and must provide all necessary data to FEMA if requested during the review process to ensure the CLOMR or LOMR is issued.

D. The Floodplain Administrator is under no obligation to sign the Community Acknowledgement Form, which is part of the CLOMR/LOMR application, until the applicant demonstrates that the project will or has met the requirements of this ordinance and all applicable federal, state, and local laws.

15.28.370 SUBSTANTIAL IMPROVEMENT AND SUBSTANTIAL DAMAGE DETERMINATION

For applications for building permits to improve buildings and Structures, including alterations, movement, enlargement, replacement, repair, change of occupancy, additions, rehabilitations, renovations, and any other improvement of or work on such buildings and Structures, the Floodplain Administrator, in coordination with the applicable Cache County officials and staff, must:

A. Estimate the market value or require the applicant to obtain an appraisal of the market value prepared by a qualified independent appraiser, of the building or Structure only, not of land and building, before the Start of Construction of the proposed work. In the case of repair, the market value of the building or Structure must be the market value before the damage occurred and before any repairs are made.

B. Compare the cost to perform the improvement, the cost to repair a damaged building to its pre-damaged condition, or the combined costs of improvements and repairs, if applicable, to the market value of the building or Structure.

C. Determine and document whether the proposed work constitutes Substantial Improvement or repair of Substantial Damage; the determination requires evaluation of previous permits issued for improvements and repairs as specified in Sec. 15.28.200.

D. Use FEMA's Substantial Improvement/Substantial Damage Desk Reference when making any determination on Substantial Improvement and/or Substantial Damage.

E. The Substantial Improvement regulations apply to all the work that is proposed as the improvement, even if multiple permits are issued. Therefore, the determination of the cost of the improvement must consider all costs of all phases of the work before issuance of the first permit.

F. Notify the applicant that if it is determined that the work constitutes Substantial Improvement or repair of Substantial Damage, then compliance with this ordinance is required.

15.28.400: ADMINISTRATION:

15.28.410: DESIGNATION OF THE FLOODPLAIN ADMINISTRATOR:

The Director of Development Services is hereby appointed the Floodplain Administrator to administer and implement the provisions of this chapter and other appropriate sections of 44 CFR (NFIP regulations) pertaining to Floodplain Management.

15.28.420: DUTIES AND RESPONSIBILITIES OF THE FLOODPLAIN ADMINISTRATOR:

The duties and responsibilities of the Floodplain Administrator or their designee include, but are not limited to, the following:

A. Maintain and hold open for public inspection all records pertaining to the provisions of this chapter.

B. Review permit applications to determine whether proposed building site, including the placement of Manufactured Homes, will be reasonably safe from Flooding.

C. Review, then approve or deny all applications for Floodplain Development Permits required by adoption of this chapter.

D. Review permit applications to determine whether all necessary permits have been obtained from those federal, state, or local governmental agencies (including section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 USC 1334) from which prior approval is required.

E. Where interpretation of the exact location of the boundaries of the SFHAs is needed, for example, where there appears to be a conflict between a mapped boundary and actual field conditions, the Floodplain Administrator shall make the necessary interpretation.

F. When riverine areas are present, notify adjacent communities and the NFIP coordinator (for the state of Utah, this is the State Floodplain Manager in the Utah Division of Emergency Management) prior to any alteration or relocation of a watercourse, and submit evidence of such notification to FEMA.

G. Require Development to maintain the Flood-carrying capacity within the altered or relocated portion of any watercourse.

H. When BFE data has not been provided in accordance with section 15.28.310 of this chapter, the Floodplain Administrator must obtain, review, and reasonably use any BFE data and Floodway data available from a federal, state, or other source, in order to administer the provisions of section 15.28.500 of this chapter.

I. When a regulatory Floodway has not been designated, the Floodplain Administrator must require that no New Construction, Substantial Improvements, or other Development (including Fill) is permitted within zones A, A1-A30 and AE on Cache County's FIRM, unless it is demonstrated that the cumulative effect of the proposed Development, when combined with all other existing and anticipated Development, will not increase the Water Surface Elevation of the Base Flood more than 1 foot at any point within the Cache County.

J. Under the provisions of 44 CFR chapter 1, section 65.12, of the NFIP regulations, Cache County may approve certain Development in zones A1-A30, AE, AH, on Cache County's FIRM which increases the Water Surface Elevation of the Base Flood by more than 1 foot, provided that a CLOMR has been granted.

K. In addition to utilizing the effective FIRMs, FIS, Flood Boundary and Floodway Map, all permit reviews will utilize Best Available Data.

15.28.430: PERMIT PROCEDURES:

A. Application for a Floodplain Development Permit must be presented to the Floodplain Administrator on forms furnished by the Floodplain Administrator and may include, but not be limited to, plans drawn to scale showing the location, dimensions, and elevation of proposed landscape alterations, existing and proposed Structures, including the placement of Manufactured Homes, and the location of the foregoing in relation to SFHAs. Additionally, the following information is required:

1. The elevation in relation to Mean Sea Level of the Lowest Floor (including Basement) of all New Construction and Substantial Improvements;

2. The elevation in relation to Mean Sea Level to which any nonresidential Structure must be Floodproofed;

3. A certificate from a registered professional engineer or architect that the nonresidential Floodproofed Structure must meet the Floodproofing criteria of subsection 15.28.520B of this chapter;

4. Description of the extent to which any watercourse or natural drainage will be altered or relocated as a result of proposed Development;

B. The approval or denial of a Floodplain Development Permit by the Floodplain Administrator must be based on all of the provisions of this chapter including the following relevant factors:

1. The danger to life and property due to Flooding or Erosion damage;
2. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
3. The danger that materials may be swept onto other lands to the injury of others;
4. The compatibility of the proposed use with existing and anticipated Development;
5. The safety of access to the property in times of Flood for ordinary and emergency vehicles;
6. The costs of providing governmental services during and after Flood conditions including maintenance and repair of streets, bridges, public utilities, and facilities such as sewer, gas, electrical, and water systems;
7. The expected heights, velocity, duration, rate of rise, sediment transport of the floodwaters, and the effects of wave action, if applicable, expected at the site;
8. The necessity to the facility of a waterfront location, where applicable;
9. The availability of alternative locations, not subject to Flooding or Erosion damage, for the proposed use;
10. The relationship of the proposed use to the general plan for that area.

15.28.440: VARIANCE PROCEDURES:

A. The board of adjustments as established by Cache County must hear and render judgment on requests for Variances from the requirements of this chapter.

B. The board of adjustments must hear and render judgment on an appeal only when it is alleged there is an error in any requirement, decision, or determination made by the Floodplain Administrator in the enforcement or administration of this chapter.

C. Any person or persons aggrieved by the decision of the board of adjustments may appeal such decision in the courts of competent jurisdiction.

D. The Floodplain Administrator must maintain a record of all actions involving an appeal and must report Variances to FEMA upon request.

E. Variances may be issued for the reconstruction, rehabilitation, or restoration of Structures listed on the National Register of Historic Places or the state inventory of historic places, without regard to the procedures set forth in the remainder of this chapter.

F. Variances may be issued for New Construction and Substantial Improvements to be erected on a lot of 0.5 acres or less in size contiguous to and surrounded by lots with existing Structures constructed below the Base Flood level, providing the relevant factors

in subsection 15.28.430B of this chapter have been fully considered. As the lot size increases beyond 0.5 acres, the technical justification required for issuing the Variance increases.

G. A Variance may be issued for the New Construction or Substantial Improvement of at-grade accessory Structures and at-grade agricultural Structures provided the requirements of this section and the following are satisfied:

1. A determination that a proposed accessory Structure:
 - a. Represents minimal investment and has low damage potential (amount of physical damage, contents damage, and loss of function).
 - b. Complies with uses and size limits specified in State Code 15A-1-202..
 - c. Complies with the wet Floodproofing construction requirements of paragraph G.3 below.
2. A determination that a proposed agricultural Structure:
 - a. Is used exclusively in connection with the production, harvesting, storage, raising, or drying of agricultural commodities and livestock, or storage of tools or equipment used in connection with these purposes or uses, and will be restricted to such exclusive uses.
 - b. Has low damage potential (amount of physical damage, contents damage, and loss of function).
 - c. Does not increase risks and pose a danger to public health, safety, and welfare if Flooded and contents are released, including but not limited to the effects of Flooding on manure storage, livestock confinement operations, liquified natural gas terminals, and production and storage of highly volatile, toxic, or water-reactive materials.
 - d. Complies with the wet Floodproofing construction requirements of paragraph G.3 below.
3. Wet floodproofed Structures must:
 - a. Be anchored to resist flotation, collapse, and lateral movement.
 - b. Have Flood damage-resistant materials below the BFE in compliance with the requirements of 15.28.510 and 15.28.520.
 - c. Have mechanical, electrical, and utility equipment in compliance with the requirements of 15.28.510 and 15.28.520.
 - d. In SFHAs other than coastal high hazard areas, have Flood Openings in compliance with the requirements of 15.28.510 and 15.28.520.
4. For any agricultural or accessory Structure that has an Enclosure, a non-conversion agreement must be completed as part of the Variance process. The non-conversion agreement:
 - a. Acknowledges the risk associated with this building practice.
 - b. Acknowledges the use of the area that was permitted as an Enclosure will be used solely on nonresidential accessory Structure of low value whose usage is only for building access, parking, storage or agricultural purposes.
 - c. Allows for federal, state, and/or local federal officials to conduct periodic inspections to ensure compliance.

H. Upon consideration of the factors noted above and the intent of this chapter, the board of adjustments may attach such conditions to the granting of Variances as it deems

necessary to further the purpose and objectives of this chapter (see section 15.28.120 of this chapter).

I. Variances must not be issued within any designated Floodway if any increase in Flood levels during the Base Flood discharge would result.

J. Variances may be issued for the repair or rehabilitation of Historic Structures upon a determination that the proposed repair or rehabilitation will not preclude the Structure's continued designation as a Historic Structure and the Variance is the minimum necessary to preserve the historic character and design of the Structure.

K. Prerequisites for granting Variances:

1. Variances must only be issued upon a determination that the Variance is the minimum necessary, considering the Flood hazard, to afford relief.

2. Variances must only be issued upon:

- a. Showing a good and sufficient cause;
- b. A determination that failure to grant the Variance would result in exceptional hardship to the applicant; and
- c. A determination that the granting of a Variance will not result in increased Flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.

3. Any applicant to whom a Variance is granted must be given written notice that the Structure will be permitted to be built with the Lowest Floor elevation below the BFE, and that the cost of Flood insurance will be commensurate with the increased risk resulting from the reduced Lowest Floor elevation.

L. Variances may be issued by Cache County for New Construction and Substantial Improvements and for other Development necessary for the conduct of a Functionally Dependent Use provided that:

1. The criteria outlined in subsections A through I of this section are met, and
2. The Structure or other Development is protected by methods that minimize Flood damages during the Base Flood and create no additional threats to public safety.

15.28.445: STOP WORK ORDER:

A. Whenever the Floodplain Administrator or other Cache County official discovers any work or activity regulated by this ordinance being performed in a manner contrary to the provision of this ordinance, the Floodplain Administrator is authorized to issue a stop work order.

B. The stop work order must be in writing and must be given to the owner of the property involved, or to the owner's agent, or to the person doing the work. Upon issuance of a stop work order, the cited work must immediately cease. The stop work order must state the reason for the order, and the conditions under which the cited work will be permitted to resume.

C. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a Violation or unsafe condition, shall be subject to penalties as prescribed by local or state law including but not limited to the penalties outlined in Section 15.28.450: Penalties for Noncompliance.

15.28.450: PENALTIES FOR NONCOMPLIANCE:

No Structure or land shall hereafter be constructed, located, extended, converted, or altered without full compliance with the terms of this ordinance and other applicable regulations. Violation of the provisions of this ordinance by failure to comply with any of its requirements, including Violations of conditions and safeguards established in connection with conditions, constitutes a Class C misdemeanor. Any person who violates this ordinance or fails to comply with any of its requirements shall upon conviction thereof, be fined not more than \$ _____ or imprisoned for not more than ____ days, or both, for each Violation, and must pay all costs and expenses involved in the Violation. Nothing herein contained shall prevent Cache County from taking such other lawful action as is necessary to prevent or remedy any Violation.

15.28.500: PROVISIONS FOR FLOOD HAZARD REDUCTION:

15.28.510: GENERAL CONSTRUCTION STANDARDS:

In all SFHAs, the following provisions are required for all New Construction and Substantial Improvements:

- A. All New Construction or Substantial Improvements must be designed or modified and adequately anchored to prevent flotation, collapse, or lateral movement of the Structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;
- B. All New Construction or Substantial Improvements must be constructed by methods and practices that minimize Flood damage;
- C. All New Construction or Substantial Improvements must be constructed with materials resistant to Flood damage;
- D. All New Construction or Substantial Improvements must be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment, and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of Flooding;
- E. All new and replacement water supply systems must be designed to minimize or eliminate infiltration of floodwaters into the system;
- F. New and replacement sanitary sewage systems must be designed to minimize or eliminate infiltration of floodwaters into the system and discharge from the systems into floodwaters; and
- G. On site waste disposal systems must be located to avoid impairment to them or contamination from them during Flooding.

15.28.520: SPECIFIC CONSTRUCTION STANDARDS:

In all SFHAs, areas where best available data has been selected, and areas of known or suspected flood risk, the following provisions are required:

In all SFHAs where BFE data has been provided as set forth in section 15.28.310, and subsections 15.28.420H and 15.28.530C of this chapter the following provisions are required:

A. Residential Construction: New Construction and Substantial Improvement of any residential Structure must have the Lowest Floor (including Basement), elevated to a minimum of 1 foot above the BFE. A registered professional engineer, architect, or land surveyor must submit a NFIP Elevation Certificate to the Floodplain Administrator that the standard of this subsection as proposed in subsection 15.28.430.A.1 of this chapter, is satisfied.

B. Nonresidential Construction: New Construction and Substantial Improvements of any commercial, industrial, or other nonresidential Structure must either:

1. have the Lowest Floor (including Basement) elevated to a minimum of 1 foot above the BFE as documented by a NFIP Elevation Certificate, or
2. together with attendant utility and sanitary facilities, be designed so that below this level the Structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect must develop and/or review structural design, specifications, and plans for the construction, and must certify that the design and methods of construction are in accordance with accepted standards of practice as outlined in this subsection. A record of such certification, a NFIP Floodproofing Certificate, which includes the specific elevation (in relation to Mean Sea Level) to which such Structures are Floodproofed must be maintained by the Floodplain Administrator.

C. Enclosures: New Construction and Substantial Improvements, with fully enclosed areas below the Lowest Floor that are usable solely for parking of vehicles, building access, or storage in an area other than a Basement and which are subject to Flooding must be designed to automatically equalize hydrostatic Flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or meet or exceed the following minimum criteria:

1. A minimum of 2 openings having a total net area of not less than 1 square inch for every square foot of enclosed area subject to Flooding must be provided.
2. The bottom of all openings must be no higher than 1 foot above grade.
3. Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.
4. The Development and construction of the Structure must conform with the provision in FEMA/Federal Insurance Administration-Technical Bulletins 1 and 2. Certification and documentation from a professional, licensed engineer or architect is required if the Structure's Lowest Floor is built below the BFE.
5. For any construction that has an Enclosure, a non-conversion agreement must be completed as part of the permitting process. The non-conversion agreement:
 - a. Acknowledges the risk associated with this building practice.
 - b. Acknowledges the use of the area that was permitted as an Enclosure will be used only for building access, parking, or storage.
 - c. Allows for federal, state, and/or local officials to conduct periodic inspections to ensure compliance.

D. Manufactured Homes:

1. All Manufactured Homes to be placed within a SFHA on Cache County's FHBM or FIRM must be installed using methods and practices which minimize Flood damage. For the purposes of this requirement, Manufactured Homes must be elevated and anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over the top or frame ties to ground anchors. This requirement is in addition to applicable state and local anchoring requirements for resisting wind forces.

2. Manufactured Homes that are New Construction or Substantial Improvements within zones A1-A30, AH, and AE on Cache County's FIRM on sites: a) outside of a Manufactured Home Park or Subdivision, b) in a new Manufactured Home Park or Subdivision, c) in an expansion to an existing Manufactured Home Park or Subdivision, or d) in an existing Manufactured Home Park or Subdivision on which a Manufactured Home has incurred Substantial Damage as a result of a Flood, be elevated on a permanent foundation such that the Lowest Floor of the Manufactured Home is elevated to a minimum of 1 foot above the BFE and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

3. Manufactured Homes that are New Construction or Substantial Improvement on sites in an existing Manufactured Home Park or Subdivision within zones A1-A30, AH and AE on Cache County's FIRM that are not subject to the provisions of subsections D1 and D2 of this section be elevated so that either:

- a. The Lowest Floor of the Manufactured Home is a minimum of 1 foot above the BFE, or
- b. The Manufactured Home chassis is supported by reinforced piers or other foundation elements of at least equivalent strength that are no less than 36 inches in height above grade and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

E. Recreational Vehicles placed on sites within zones A1-A30, AH, and AE on Cache County's FIRM must either:

- 1. Be on the site for fewer than 180 consecutive days,
- 2. Be fully licensed and ready for highway use, or
- 3. Meet the permit requirements of section 15.28.430 of this chapter, and the elevation and anchoring requirements for Manufactured Homes" in subsection D of this section. A Recreational Vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.

F. Crawlspace:

1. New Construction and Substantial Improvements built on a Crawlspace or sub-grade (below grade) Crawlspace may be permitted if the Development is designed and meets or exceeds the standards found in FEMA's Technical Bulletins 1, 2, and 11, which include but are not limited to the following:

- a. The Structure must be affixed to a permanent foundation, designed and adequately anchored to resist flotation, collapse, and lateral movement of the Structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy. Because of hydrodynamic loads, Crawlspace construction is not allowed in areas with

Flood velocities greater than 5 feet per second unless the design is reviewed and stamped by a qualified design professional, such as a registered architect or professional engineer.

b. The Crawlspace is an enclosed area below the BFE and, as such, must have openings that equalize hydrostatic pressures by allowing the automatic entry and exit of floodwaters. The bottom of each Flood vent opening can be no more than 1 foot above the lowest adjacent exterior grade.

c. The Crawlspace Enclosure must have proper openings that allow equalization of hydrostatic pressure by allowing automatic entry and exit of floodwaters. To achieve this, a minimum of 1 square inch of Flood Opening is required per 1 square foot of the enclosed area subject to Flooding.

d. Portions of the building below the BFE must be constructed with materials resistant to Flood damage. This includes not only the foundation walls of the Crawlspace used to elevate the building, but also any joists, insulation, piers, or other materials that extend below the BFE. Ductwork, in particular, must either be placed above the BFE or sealed from floodwaters.

e. Any building utility systems within the Crawlspace must be elevated above the BFE or designed so that floodwaters cannot enter or accumulate within the system components during Flood conditions.

f. The interior grade of a Crawlspace below the BFE must not be more than 2 feet below the lowest adjacent exterior grade.

g. The height of the below-grade Crawlspace, measured from the lowest interior grade of the Crawlspace floor to the bottom of the floor joist of the next higher floor cannot exceed 4 feet at any point.

h. There must be an adequate drainage system that removes floodwaters from the interior area of the Crawlspace. The enclosed area should be drained within a reasonable time after a Flood event.

i. Buildings with below-grade Crawlspaces may have higher Flood insurance premiums than buildings that have the preferred Crawlspace construction, with the interior elevation at or above the lowest adjacent exterior grade.

G. Utilities:

- a. All new and replacement water supply systems must be designed to minimize or eliminate infiltration of floodwaters into the system.
- b. New and replacement sanitary sewage systems must be designed to minimize or eliminate infiltration of flood waters into the systems and discharge from the systems into floodwaters.
- c. On-site waste disposal systems must be located to avoid impairment to them or contamination from them during flooding.

15.28.530: STANDARDS FOR SUBDIVISION PROPOSALS:

A. All subdivision proposals including the placement of Manufactured Home Parks and Subdivisions must be consistent with sections 15.28.120 and 15.28.130 of this chapter.

B. All proposals for the Development of subdivisions including the placement of Manufactured Home Parks and Subdivisions must meet Floodplain Development Permit requirements of sections 15.28.320, 15.28.430, and 15.28.500 of this chapter.

C. BFE data must be generated for subdivision proposals and other proposed Development including the placement of Manufactured Home Parks and Subdivisions, if greater than 50 lots or 5 acres, whichever is lesser, if not otherwise provided pursuant to section 15.28.310 or subsection 15.28.420H of this chapter.

D. All subdivision proposals including the placement of Manufactured Home Parks and Subdivisions must have adequate drainage provided to reduce exposure to Flood hazards.

E. All subdivision proposals including the placement of Manufactured Home Parks and Subdivisions must have public utilities and facilities such as sewer, gas, electrical, and water systems located and constructed to minimize or eliminate Flood damage.

15.28.540: STANDARDS FOR AREAS OF SHALLOW FLOODING (AO/AH ZONES):

Located within SFHAs established in section 15.28.310 of this chapter, are areas designated as shallow Flooding. These areas have special Flood hazards associated with Base Flood depths of 1 to 3 feet where a clearly defined channel does not exist and where the path of Flooding is unpredictable and where velocity flow may be evident. Such Flooding is characterized by ponding or sheet flow; therefore, the following provisions apply:

A. All New Construction and Substantial Improvements of residential Structures have the Lowest Floor (including Basement) elevated above the Highest Adjacent Grade at least as high as the depth number specified in feet on Cache County's FIRM (at least 2 feet if no depth number is specified).

B. All New Construction and Substantial Improvements of nonresidential Structures:

1. Have the Lowest Floor (including Basement) elevated above the Highest Adjacent Grade at least as high as the depth number specified in feet on Cache County's FIRM (at least 2 feet if no depth number is specified); or

2. Together with attendant utility and sanitary facilities, be designed so that below the BFE the Structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

C. A registered professional engineer or architect must submit a certification to the Floodplain Administrator that the standards of this section, as proposed in subsections A and B of this section, are satisfied.

D. Have within zones AH or AO, adequate drainage paths around Structures on slopes to guide floodwaters around and away from proposed Structures.

15.28.550: FLOODWAYS:

Located within SFHAs established in section 15.28.310 of this chapter, are areas designated as Floodways. When FEMA has provided the community with a Flood Zone A and no BFEs or regulatory floodway all encroachments must obtain, review, and reasonably utilize any available floodway data from Federal, State, or other sources to establish a floodway and meet requirements described below. Since the Floodway is an extremely hazardous area

due to the velocity of floodwaters which carry debris, potential projectiles, and Erosion potential, the following provisions apply:

A. Encroachments are prohibited, including Fill, New Construction, Substantial Improvements and other Development within the Floodway unless it has been demonstrated through hydrologic and hydraulic analyses performed in accordance with standard engineering practice that the proposed encroachment would not result in any increase in Flood levels within Cache County during the occurrence of the Base Flood discharge.

B. If subsection A of this section is satisfied, all New Construction and Substantial Improvements must comply with all applicable Flood hazard reduction provisions of section 15.28.500 of this chapter and a registered professional engineer or architect must submit a No-Rise Certification to the Floodplain Administrator that the standards of this section, as proposed in subsection A of this section, are satisfied.

C. Under the provisions of 44 CFR chapter 1, section 65.12, of the NFIP regulations, Cache County may permit encroachments within the Floodway that would result in an increase in BFEs, provided that a CLOMR has been approved by FEMA.

Review of Millville City-owned Property Annexation Petition to the City of Millville

Agenda request submitted by: Dirk Anderson, Interim Director
Assisting Department: Development Services
Requested Council meeting date: April 11, 2023

Agenda Item Language: Review a petition submitted by the City of Millville for the annexation of ~1.61 acres of property, and then act to agree or disagree with the annexation request.

Recommendation: Staff recommends to agree with the annexation

Background: If approved by Millville City, the proposed annexation will result in a reduced unincorporated island area between the boundaries of Millville City and Nibley City, which requires that the County agree to the request for the annexation petition to move forward.

Fiscal Impact: N/A

Public Hearing Required: N/A

County Staff Presenter: Tim Watkins

Presentation Time: Less than 5 minutes.

County Staff Point of Contact: Tim Watkins, County Planning Manager

Legal Review: N/A

This staff report is an analysis of the request based on adopted county documents, standard county development practices, and available information. The report is to be used to review and consider the merits of the request. Additional information may be provided that supplements or amends this staff report.

Staff Report

April 11, 2023

Millville City-owned Property Annexation Petition to the City of Millville

Purpose

To review a petition (Attachment 1) submitted by the City of Millville for the annexation of property from unincorporated Cache County to the City of Millville, and then act to agree or disagree with the annexation request. The proposed annexation will reduce the size of an existing unincorporated island. The continuation of an unincorporated island requires that the County agree to the request for the annexation petition to move forward.

Property Information

Parcels for Annexation: A portion of parcel 19-30-0073

Total Acreage: ~1.61 acres

Contact Sponsor: Corey Twedt, City Recorder

Staff Recommendation

Staff recommends the Council agree to allow the continuation of a reduced unincorporated island area resulting from the Millville City property annexation into the City of Millville.

Findings of Fact

A. Applicable Ordinance

1. Annexation of unincorporated property into a municipality is governed by State Code section 10-2, part 4 Annexation.
2. If approved the ~1.61 acre area proposed for annexation will result in an unincorporated peninsula area.
3. Utah Code sections 10-2-418-1-b and 10-2-402-1-b-iii-B require that unincorporated islands and peninsulas are not permitted unless agreed to by the county.
4. No formal action has been taken by the county to prohibit or agree to allow an unincorporated peninsula at this location.

B. Impacts to County Facilities

1. This annexation request would bring Millville City's 1.61 acre parcel (# 19-30-0073) and associated County right-of-way of 2900 South into Millville City to construct a sewer lift station. The City recently acquired this parcel division from Paul & Jodi Price (parcel #03-029-0112).
2. The Millville City-owned parcel fronts onto 2900 South which is a County Minor Local Road. Annexation would include approximately 410 feet of right-of-way extending east to the current Millville City boundary, reducing the length of the County Road from about 800 feet to 390 feet.

C. Possible Actions

1. Agree – Agree to allow the annexation and resultant reduction in the total unincorporated island area.
2. Disagree – Disagree with the annexation and resultant reduction in the total unincorporated island area and formally protest the annexation request.

Findings

Based on the findings of fact noted herein, staff recommends that the County Council agree to allow a reduced unincorporated island area resulting from the Millville property annexation to the City of Millville as:

1. The County Council is the county legislative body of Cache County.
2. There are no increased impacts to County facilities.
3. The owner of the remaining island area property could petition to annex into Nibley City for the most accessible future development services to remove the island.

(Left) The remaining reduced island area resulting from the annexation of parcel 19-30-0073 is highlighted. This island is not believed to create increased impacts to County facilities.

PETITION FOR ANNEXATION

TO CACHE COUNTY, STATE OF UTAH:

We, the undersigned owners of certain real property lying contiguous to the present municipal limits of Millville City hereby submit this Petition for Annexation and respectfully represent the following:

1. That this petition is made pursuant to the requirements of Section 10-2-403, Utah code Annotated, 2015, as amended (UCA);
2. That the property subject to this petition is a contiguous, unincorporated area contiguous to the boundaries of Millville City and the annexation thereof will not leave or create an unincorporated island or peninsula;
3. That the signatures affixed hereto are those of the owners of private real property that:
 - a. is located within the area proposed for annexation;
 - b. covers a majority of the private land area within the area proposed for annexation; and
 - c. is equal in value to at least 1/3 of the value of all private real property within the area proposed for annexation;
 - d. is described as follows:

Legal Description

CONTAINING 1.26 ACRES

4. That up to five of the signers of this petition have been designated as sponsors, one of whom is designated "contact sponsor", with the mailing address of each sponsor being indicated;

5. That this petition does not propose annexation of all or a part of an area proposed for annexation in a previously filed petition that has not been denied, rejected, or granted;
6. That this petition does not propose annexation of an area that includes some or all of an area proposed to be incorporated in a request for a feasibility study under Section 10-2-103 UCA or a petition under Section 10-2-125 UCA if;
 - a. the request or petition was filed before the filing of the annexation petition; and
 - b. the request, a petition under Section 10-2-109 based on that request, or a petition under Section 10-2-125 is still pending on the date the annexation petition is filed;
7. That the petitioners have caused an accurate plat of the above-described property to be made by a competent, licensed surveyor, which plat is filed herewith; and
8. That the petitioners understand the property, if annexed, will be zoned Agricultural.

WHEREFORE, the Petitioners hereby request that this petition be considered by the governing body at its next regular meeting, or as soon thereafter as possible; that a resolution be adopted as required by law accepting this Petition for Annexation for further consideration; and that the governing body take such steps as required by law to complete the annexation herein petitioned.

DATED this 8th day of November 2022.
