Cache County Auditor's Report of 2023 Tax Sale

We are pleased to announce that the 2023 tax sale has been *cancelled*. All parcels with back taxes of five years or more have been redeemed with the exception of one bankruptcy. We are prohibited from selling this property by the federal homestead exemption and by USTC Standard 12.28.

We were able to conclude the tax sale process on May 3rd when the owner paid all delinquent taxes, penalties, interest, and administrative costs.

Since Schaeffer began tracking the tax sale in 2013 the tax sale numbers have decreased due to consistent application of relevant law, compliant deferral and settlement arrangements, and outstanding collection efforts by the county treasurer.

Providence Landing Annexation Petition to the City of Providence

Purpose

To review a petition (Attachment 1) for the annexation of property owned by Trillo Group, LLC from unincorporated Cache County to the City of Providence, and then act to agree or disagree with the annexation request. The proposed annexation will reduce the size of an existing unincorporated island of ~25.13 acres between Providence City and Millville City. The continuation of an unincorporated island requires that the County agree to the request for the annexation petition to move forward.

Property Information

Parcel for Annexation: 02-117-0022

Total Acreage: ~10.64 acres

Contact Sponsor: Michael Jewell

Staff Recommendation

Staff recommends the Council agree to allow the continuation of a reduced unincorporated island area between Providence City and Millville City resulting from the Providence Landing property annexation into the City of Providence.

Findings of Fact

A. Applicable Ordinance

1. Annexation of unincorporated property into a municipality is governed by State Code section 10-2, part 4 Annexation.
2. If approved the ~10.64 acre area proposed for annexation will result in the reduction of an unincorporated island area from ~25.13 acres to ~14.49 acres in the County.
3. Utah Code sections 10-2-418-1-b and 10-2-402-1-b-iii-B require that unincorporated islands and peninsulas are not permitted unless agreed to by the county.
4. No formal action has been taken by the county to prohibit or agree to allow an unincorporated island at this location.

B. No Findings of Impacts to County Facilities

1. This annexation request would bring ~10.64 acre parcel (# 02-117-0022) into Providence City for residential development.
2. Providence City roads are stubbed with utilities to service the property from 480 West Street, Garden Drive (400 West), and 700 South.
3. 2100 S is a private road within the County island area that extending west from 750 North in Millville, and provides access to three unincorporated parcels with single family dwellings and accessory structures.

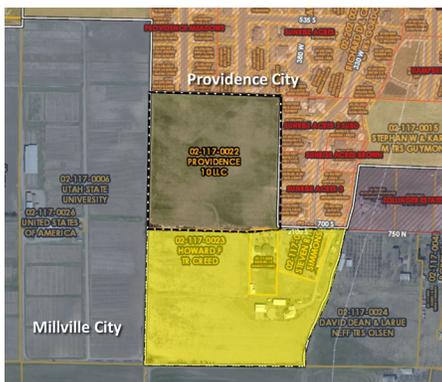

C. Possible Actions

1. Agree – Agree to allow the annexation and resultant reduction in the total unincorporated island area.
2. Disagree – Disagree with the annexation and resultant reduction in the total unincorporated island area and formally protest the annexation request.

Findings

Based on the findings of fact noted herein, staff recommends that the County Council agree to allow a reduced unincorporated island area resulting from the Providence Landing property annexation to the City of Providence as:

1. The County Council is the county legislative body of Cache County.
2. There are no increased impacts to County facilities.
3. The owners of the three remaining unincorporated island area properties could petition to annex into Providence City for future development services to remove the island.

(Left) The remaining reduced island area of ~14.49 resulting from the annexation of parcel 02-117-0022 is highlighted. This island is not believed to create increased impacts to County facilities.

Ordinance No. 2023-17

Cache County, Utah

Clair and Jennifer Anderson Rezone

An ordinance amending the County Zoning Map by rezoning 5.0 acres from the Agricultural (A10) Zone to the Commercial (C) Zone

Whereas, the “County Land Use Development and Management Act,” Utah Code Ann. §17-27a-101 et seq., as amended (the “Act”), provides that each county may enact a land use ordinance and a zoning map establishing regulations for land use and development; and

Whereas, pursuant to the Act, the County’s Planning Commission (the “Planning Commission”) shall prepare and recommend to the county’s legislative body, following a public hearing, a proposed land use ordinance and a zoning map, or amendments thereto, that represent the Planning Commission’s recommendations for zoning the area within the county; and

Whereas, the Planning Commission caused notice of a public hearing for the rezone to be posted at least ten (10) days before the date of the public hearing; and

Whereas, on March 2, 2023, the Planning Commission held a public hearing, accepted all comments, and accepted all comments, and continued the request up to 90 days to allow time for the Nibley City Council to provide their recommendation to the Cache County Planning Commission. On April 6, 2023, the Planning Commission recommended the denial of the proposed amendments to the County Council for final action as follows:

- A. The location of the subject property to be rezoned is not compatible with the purpose of the Commercial (C) Zone:
 - i. “To provide compatible locations for retail, office, and business/commerce activities, to enhance employment opportunities, to encourage the efficient use of land, to enhance, property values, and to strengthen the county’s tax base”;
 - ii. And will conflict or have deleterious effects upon surrounding properties.
- B. The subject parcel to be rezoned is accessed from a Nibley City road, is located immediately adjacent to the Nibley City municipal boundary within the City’s future annexation area, and has been identified on their future land use map as “Medium density residential” which does not allow storage units. The future development of this parcel would be better served as part of a Nibley City development through annexation.
- C. The Nibley City Council does not recommend approval of the rezone as per a unanimous vote on a discussion and recommendation motion during their 9 March 2023 council meeting.

Whereas, the Act also provides certain procedures for the county legislative body to adopt or reject amendments to the land use ordinance and zoning map for the county; and

Whereas, following proper notice, the County Council held a public hearing on May 9, 2023, to consider any comments regarding the proposed rezone. The County Council accepted all comments.

Now, therefore, the County Legislative Body of Cache County ordains as follows regarding the Clair and Jennifer Anderson Rezone request:

- 1. **Statutory Authority**
The statutory authority for acting on this ordinance is Utah Code Annotated Sections 17-27a Part 1 and Part 3, and 17-53 part 2(1953, as amended to date).

Findings of Fact

A. Request description

1. A request to rezone 5.0 acres from the Agricultural (A10) to the Commercial (C) Zone.
2. This request was presented to the Planning Commission on March 2, 2023, and a public hearing was held. After discussion, the Commission moved to continue the request up to 90 days to allow for Nibley City to provide a formal statement whether or not they support the rezone request.
3. During a regularly scheduled Nibley City Council meeting held on Thursday, March 9, 2023, this rezone request was brought up as a discussion and consideration item. At the conclusion of the discussion, the Council moved to not recommend approval to the Cache County Council. The motion was passed unanimously 5, 0 to recommend denial of the rezone request. The draft minutes of that meeting are attached to this staff report as Attachment C.

Exhibit A

4. This rezone may allow the parcel to establish uses permitted in the Commercial (C) Zone. A rezone request is general in nature and is not tied to any proposed use. Any impacts related to permitted and conditional uses allowed within the Commercial Zone will be addressed as part of each respective approval process required prior to site development activities.
5. Staff has identified general information as pertains to the subject property to assist the Planning Commission and County Council in arriving at a decision. This information is reflected in the attached map (Attachment A) and in the following text:
 - a. Land Use Context:
 - i. Parcel status: The subject property is legal as it in the same size and configuration since August 8, 2006. In March 2019, the property immediately adjacent to the subject parcel to the north and west, including 1200 West along the frontage of the subject parcel was annexed into Nibley City (i.e., Riggs Annexation).
 - ii. The Commercial (C) Zone allows for a variety of uses with the approval of a zoning clearance and/or conditional use permit, including the following uses, that are not permitted in the current Agricultural (A10) Zone:
 - Commercial Business
 - Commercial Kennel/Animal Shelter
 - Self Service Storage Facility
 - General Vehicle Repair
 - Medical Services/Facilities
 - Human Care Services
 - Transient Lodging
 - Restaurant
 - Mobile Food Truck
 - Educational Facility
 - Telecommunications Facility, Major
 - Telecommunications Facility, Minor
 - Private Airport
 - iii. Adjacent uses: The properties adjacent to the subject parcel to the north, east, and south are primarily used for agricultural purposes. The properties to the north and west are located within the Nibley City municipal boundary. The properties to the west also have approved subdivision plats, the Nibley Farms Phase 5 and Phase 6, which is part of a larger 67-lot subdivision in Nibley City.

The nearest parcels in the Commercial (C) Zone are located south of the subject parcel at approximately 3800 South to 4000 South off of 1200 West (between a ¼ and a ½ mile south of the subject parcel).

The Nibley Office Park Rezone was approved on 10 acres (#'s03-049-0015, 03-051-0003) in 2008 as Ordinance 2008-04. No development has occurred on that property since the rezone approval.

Immediately to the south of the Nibley Office Park Rezone on parcel #03-051-0007, a rezone of 9.75 acres to the Commercial Zone was approved in 2007 as Ordinance #2007-12. However, in 2006 and 2007 prior to the approval of the rezone, two Conditional Use Permits (i.e., CUPs) were approved for a self-service storage facility on the parcel. At that time, storage facilities were allowed in the Agricultural (A10) Zone with approval of a CUP; it appears from the staff report that the rezone was processed to allow more signage for the facility. A storage facility was ultimately developed on the parcel, which is now considered legal, non-conforming as it does

Exhibit A

not meet the current definition or development standards for a self-service storage facility (Use Type 3410).

- iv. Annexation Areas: The subject property is located within the Nibley City future annexation area. At the time of application, the applicant submitted a letter from Nibley City regarding the proposed rezone and potential future commercial development (Attachment B).

In the letter, Nibley City states that water and sewer services are only provided for parcels located within their municipal boundary. Consequently, if the rezone were approved and the applicant pursued his stated goal of constructing a self-service storage facility on the site, the development would not have access to Nibley City services to provide water for any required fire suppression requirements, etc.

Nibley City further points out the subject parcel is located within their future annexation area and the future land use map assigned this property as “Medium density residential”. Per Nibley City’s zoning regulations, storage units are only allowed within their “Industrial” Zones.

On March 9, 2023, the Nibley City Council discussed the proposed rezone and unanimously moved to recommend denial of the rezone request to the Cache County Council (Attachment C).

B. Ordinance—§12.02.010, §17.02.060; §17.08.030 [E]

6. As per §17.02.060, Establishment of Land Use Authority, the County Council is authorized to act as the Land Use Authority for this application.
7. The current County Land Use Ordinance does not specify appropriate locations for the Commercial (C) Zone but does contain general guidelines for its implementation. County Land Use Ordinance §17.08.030 [E] identifies the purpose of the Commercial Zone and includes the following:
 - a. “To provide compatible locations for retail, office, and business/commerce activities, to enhance employment opportunities, to encourage the efficient use of land, to enhance, property values, and to strengthen the county’s tax base.
 - b. This zone must be appropriately served by suitable public roads, have access to the necessary water and utilities, and have adequate provision of public services.”
8. Any impacts related to permitted and conditional uses allowed within the Commercial (C) Zone will be addressed as part of each respective approval process required prior to site development activities.

C. Access—16.04.040 [A], 16.04.080 [E], Road Manual

9. §12.02.010 adopts the Manual of Roadway Design and Construction Standards (Road Manual) for roadway improvement requirements.
10. §16.02.010 Standards and Lot Size – All subdivisions must meet the minimum lot and development standards as outlined in each base zone of the Cache County Zoning Ordinance and within this title.
11. Table 17.10.040 Site Development Standards – Minimum lot frontage required in the Commercial Zone is 150 feet.
12. §17.07.040 General Definitions – Lot/Parcel Frontage: that portion of a development site that abuts a public or private roadway. For the purposes of determining setback requirements on corner lots, all sides of a lot adjacent to a roadway shall be considered frontage
13. §16.04.040 [A] Roads – All roads must be designed and constructed in accordance with Title 12 of the County Code.
14. §12.02.010 Roadway Standards – Requirements for roadway improvement are provided in the current Manual of Roadway Design and Construction Standards (Road Manual).
15. Section 5.6 of the Cache County Manual of Road Design and Construction Standards states, “No development within the unincorporated County shall be permitted to utilize a roadway for direct access that is under the jurisdiction of a municipality without express written approval from the affected municipality. Unincorporated development shall be required to meet all standards and requirements as established by the municipality as part of the conditions for development. Direct access shall constitute driveway or private road access from a public roadway.”
16. A basic review of the access to the subject property identifies the following:

Exhibit A

- a. Primary access to the subject property is 1200 West.

17. 1200 West – Nibley City Road:

- a. Along the frontage of the subject parcel and to the north, it is a Nibley City road.
- b. Nibley City classifies this road as a Minor Arterial.
- c. Provides access to a few residential dwellings, City owned property, church property, and vacant land in Nibley.
- d. Per AASHTO standards, Minor Arterial roads link cities, larger towns, and other large traffic generators and are capable of facilitating travel over long distances. These routes have relatively high travel speeds and minimal interferences to the through movement of traffic.
- e. Nibley City Transportation Master Plan has the road proposed as a narrow 2-lane road with large park strips and trail facilities more in line with a Collector type road classification.
- f. Access for any future development on the subject parcel off of 1200 West will require approval from Nibley City. Further, as a “Multi-Jurisdictional Development” (i.e., County development accessing a municipal road), any future development must also meet all of Nibley City’s road improvement requirements (i.e., 80 feet ROW, 2-lane road with buffered bike lane and trail facility).

18. 1200 West – south – County Road:

- a. South of the subject parcel, 1200 West is a County road classified as a Major Collector.
- b. The road provides access to agricultural lands, JBS meat manufacturing facility, and is a vital link between Nibley and Hyrum.
- c. Has a 99-foot- right-of-way, a paved width of 32 feet, and a posted speed limit of 50 mph.
- d. The County’s transportation plan is for 1200 West to have 12-foot wide travel lanes, wide shoulders, and a paved width of 40 feet, which is consistent with Hyrum City’s transportation plan.

D. Service Provisions:

- 19. §16.04.080 [C] Fire Control – The County Fire District will require an adequate on-site water supply and fire department access for future development in the Commercial (C) Zone.
- 20. §16.04.080 [F] Solid Waste Disposal – Logan City Environmental had no comments on the rezone request.

E. Public Notice and Comment—§17.02.040 Notice of Meetings

- 21. Public notice was posted online to the Utah Public Notice Website on 17 February 2023.
- 22. Notices were posted in three public places on 17 February 2023.
- 23. Notices were mailed to all property owners within 300 feet and Nibley City on 17 February 2023.
- 24. A public hearing was held during the 2 March 2023 Planning Commission meeting and after closing the public hearing, the Planning Commission moved to continue the request for up to 90 days to allow for Nibley City to provide a formal recommendation.
- 25. At this time, no written public comment regarding this proposal has been received by the Development Services Office.

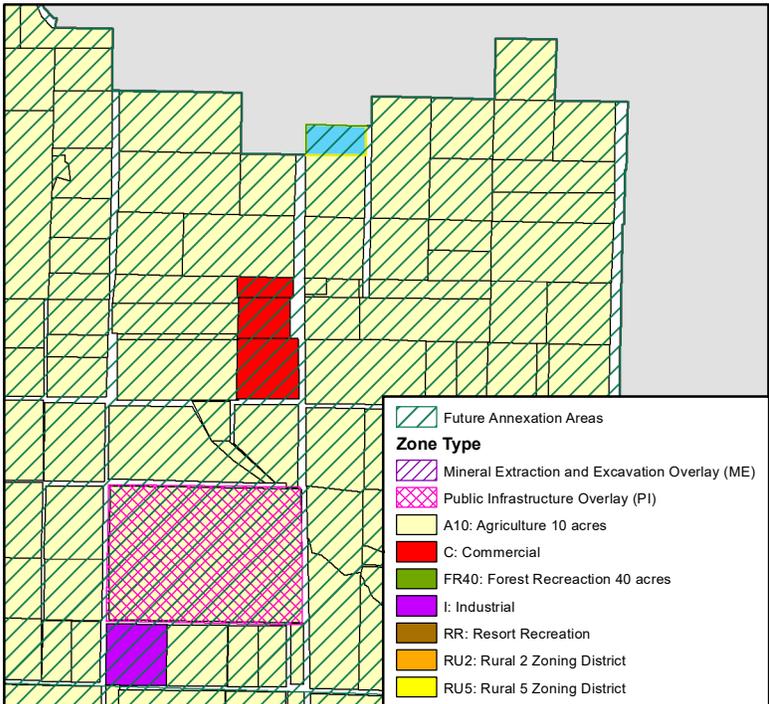

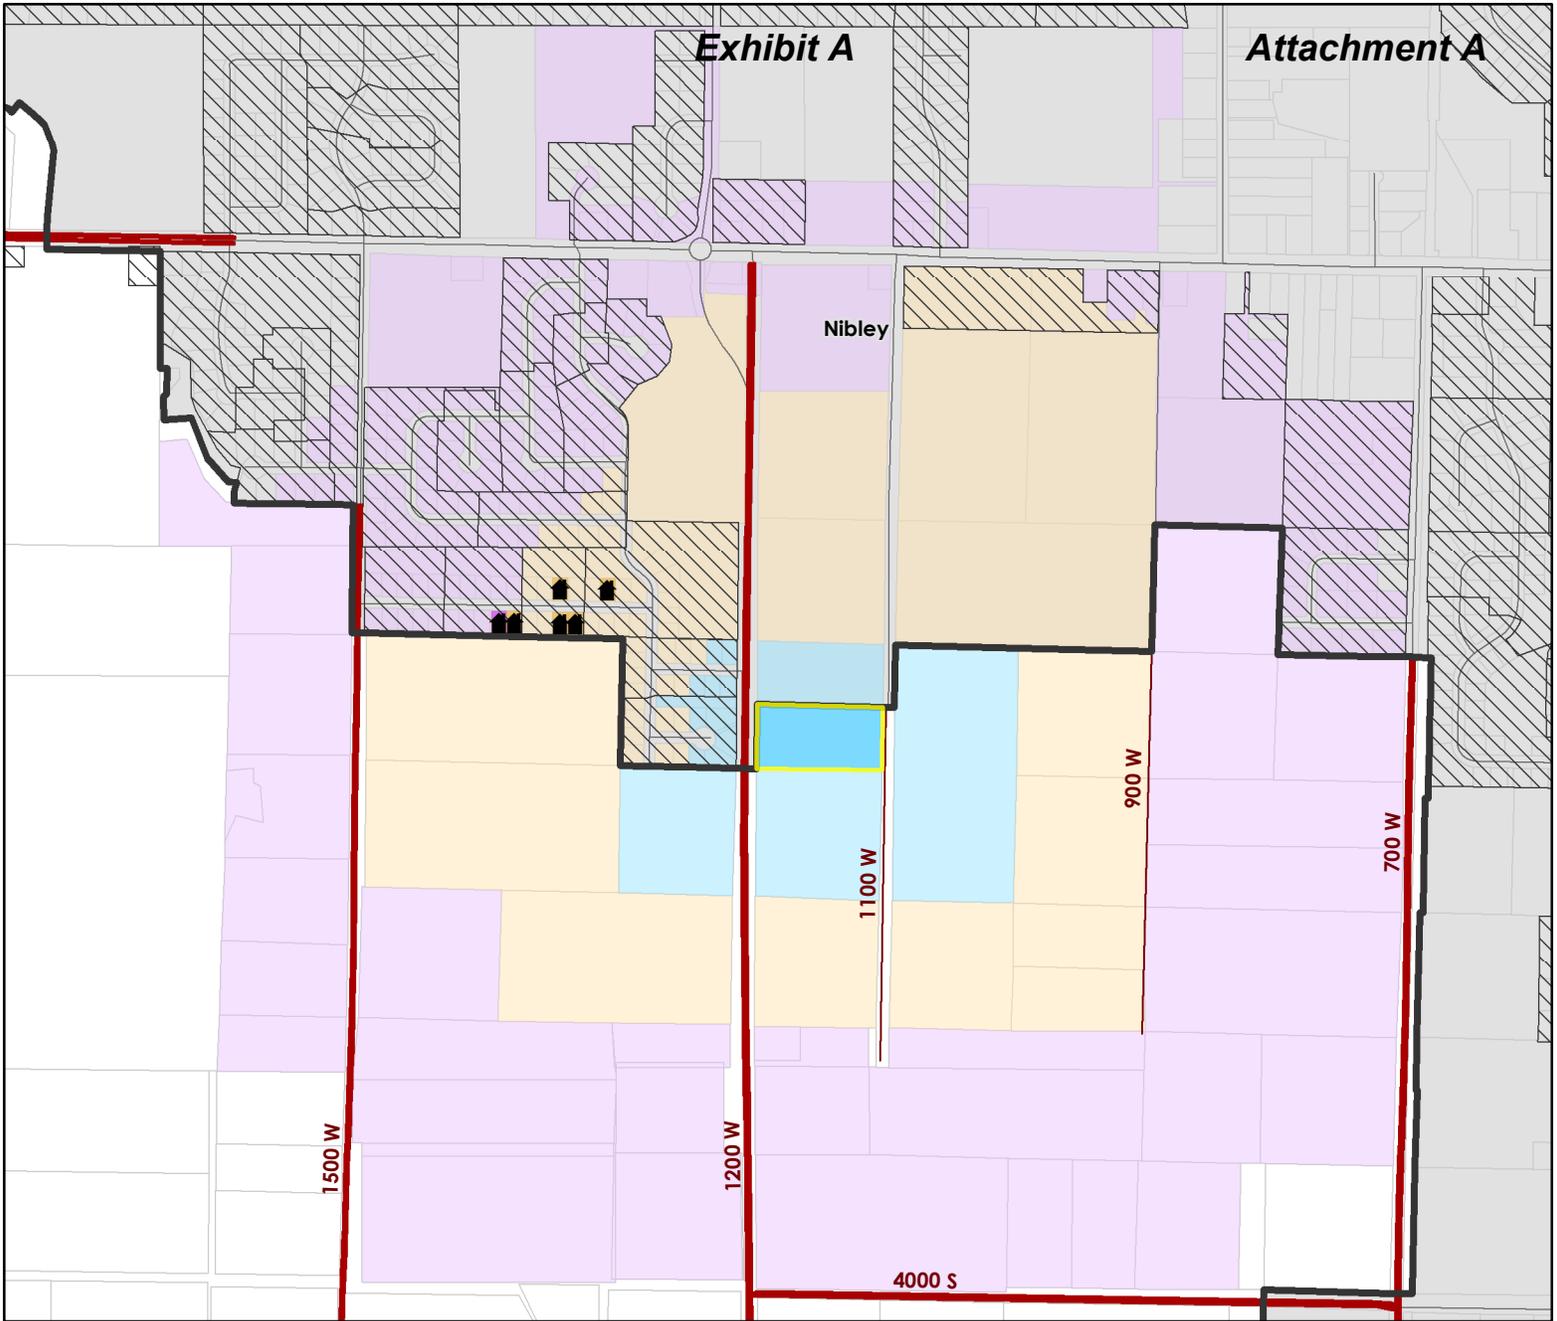

Conclusion

Based on the findings of fact noted herein, the Clair and Jennifer Anderson Rezone is hereby recommended for denial to the County Council as follows:

- 1. The location of the subject property to be rezoned is not compatible with the purpose of the Commercial (C) Zone:

Exhibit A

- a.** “To provide compatible locations for retail, office, and business/commerce activities, to enhance employment opportunities, to encourage the efficient use of land, to enhance, property values, and to strengthen the county’s tax base”;
 - b.** And will conflict or have deleterious effects upon surrounding properties.
- 2.** The subject parcel to be rezoned is accessed from a Nibley City road, is located immediately adjacent to the Nibley City municipal boundary within the City’s future annexation area, and has been identified on their future land use map as “Medium density residential” which does not allow storage units. The future development of this parcel would be better served as part of a Nibley City development through annexation.
- 3.** The Nibley City Council does not recommend approval of the rezone as per a unanimous vote on a discussion and recommendation motion during their 9 March 2023 council meeting.

To Cache County representatives,

It was brought to our attention that Mr. Clair Anderson is working on submitting a Rezone application for Parcel# 03-050-0002, a 5 acre property located at approximately 3500 S 1200 W. The property abuts Nibley City boundaries to the north and west with frontage along 1200 West, a Nibley City Right-of-Way. It is our understanding that the purpose of the Rezone is to develop the property with Storage Units.

Because the property is located contiguous to our municipality, it is our understanding that the County requires that the applicant provide a letter in regard to annexation and services to the property. Nibley City currently provides water and sewer services to Nibley City properties. However, Nibley City Code 15.02.020(D) provides the following:

No landowner, person, subdivider or developer's application to connect to Nibley City's water and sewer system will be considered unless the property noted on the application is within Nibley City limits. No application for connection or service will be considered from outside Nibley City limits until the property is properly annexed into Nibley City. The City Council may make exceptions for public entities.

Therefore, any connection to Nibley City's water or sewer service would require annexation to Nibley City.

The proposed construction of storage units will need to be provided with adequate water supply to meet fire-flow requirements or be provided with alternative emergency water storage as determined by the Fire Marshal. Because the property is located outside the Nibley City Municipal boundary, the City's water infrastructure should not be considered when determining required fire-flow or to meet alternative emergency water storage requirements. Use of Nibley City's water system for culinary use, irrigation use, or to meet fire-flow requirements would require the property to be annexed into Nibley City and compliance with City Code and Nibley City Design Standards.

Regarding annexation and future land use plans for this parcel, the property is located within Nibley City's Annexation Declaration Area of the Future Annexation Plan. The Nibley City Future Land Use Map assigns this property as 'Medium density residential.' Currently, storage units are not an allowed use within any residential zones within the City. Storage units are only allowed within 'Industrial' zones.

Because the property's entire frontage is along a Nibley City Street, the project is considered a 'Multi-jurisdictional Development' and requires written approval for access to the roadway and the development must also meet all of Nibley City's road improvements requirements. Nibley City

Code requires that developers of property improve roadways according to the City's Transportation Master Plan and Engineering Design Standards. 1200 West is classified as an arterial roadway with a typical cross section including 80 feet of right-of-way and a '2-lane street with buffered bike land and trail facility.'

Regarding driveway access, Nibley City Engineering Design Standards Section 8.8(B) states that driveways on arterial streets are only allowed with prior approval from the Public Works Director. Section 8.8(A)(6) states "Commercial Driveways shall be located a minimum of 200-feet from the centerline of an intersection with a collector or arterial street."

To gain approval for the roadway design and driveway access, the applicant will need to submit construction drawings of the proposed improvements which will be reviewed by the City Engineer for compliance with Engineering Standards, City Code and Nibley City Design Standards. To determine an acceptable location for a driveway or access, consideration should be given to aligning accesses with those on opposing sides of the street, separation of driveway from future gridded street alignments, adequate separation of driveway from turn lanes and other intersections, etc.

Sincerely,

Levi Roberts, AICP
Nibley City Planner

9 City’s zoning map, and Staff Recommendation.

10
11 Mr. Anderson described that he intended to put storage units on the parcel and
12 expressed his desire the have a family legacy. He argued that storage units would
13 preserve property value because of the number of units going in the area and the need
14 for storage in the area.

15
16 Councilmember Larsen asked if there would be utilities including water and sewer on
17 the property. Mr. Anderson said there would be anything that was required. Mr.
18 Anderson said he would like to be annexed into Nibley if he were to be able to do what
19 he wanted on the property and discussed the location of a hydrant owned by Nibley City
20 right next to his property. Councilmember Mann asked if Mr. Anderson had ever
21 considered building an indoor sporting facility to accommodate youth sports. Mr.
22 Anderson said he hadn’t considered this but used to be an athletic director and was very
23 tied to that world. Councilmember Mann discussed the strong need for that type of
24 facility. Councilmember Mann felt storage units were a visual blight but it was Mr.
25 Anderson’s right to do storage units. Referring to higher density residential
26 development next to to Mr. Anderson’s property, Councilmember Bernhardt’s felt HOA
27 might help self-police clutter in people’s yards. He also expressed that he felt storage
28 units were not attractive. Councilmember Sweeten said her concern was seeing people
29 wanting to live right next to a storage unit. She asked how Mr. Anderson would suggest
30 making this facility appealing so a resident might want it as a neighbor. Councilmember
31 Bernhardt discussed that there might be decreased value to 7-points Royal development
32 who was in Nibley City’s boundaries

38
39 Councilmember Larsen discussed that he ran mechanics shops in the valley and ran
40 under a conditional use and said everyone needed a mechanic but no one wanted them
41 near them. He felt Mr. Anderson’s pain.

42
43 Mayor Jacobsen gave Mr. Anderson suggestions about what he could do with the
44 property if he were interested in being in Nibley.

Exhibit A

1
2 Councilmember Laursen said they saw an opportunity for Mr. Anderson to come to
3 Nibley and felt staff would give him some ideas of what was allowed in Nibley and could
4 motivate him to chat with his neighbors. He felt he could come up with a plan that was
5 better for him and for the City. Councilmember Mann agreed with Councilmember
6 Laursen, that there were a lot of options if they came to Nibley.

21 Dustin Hansen, Election Supervisor with the Cache County Election office and Nibley City
22 resident, was present for this discussion.

23
24 Ms. Bodily described that she'd reached out to Rich, Weber and Box Elder Counties
25 who'd all indicated they would not offer alternative voting methods in their county
26 boundaries. She also presented that Salt Lake County was offering alternative voting
27 methods or Ranked Choice Voting (RCV) but they were unwilling to contract with an
28 entity outside their boundary because of logistics and complication. Ms. Bodily
29 reminded the City Council the Cache County was also not offered Ranked Choice Voting
30 so if the City Council voted to enter the Interlocal Agreement they would essentially be
31 choosing to not use Ranked Choice Voting for the 2023 Nibley City municipal election.

32
33 Ms. Bodily reviewed the cost and variations of costs included in the interlocal
34 agreement for election services with Cache County. Ms. Bodily said the City attorney
35 had reviewed the agreement and seen no issues. Ms. Bodily said unless the City Council
36 had further direction regarding Ranked Choice Voting and she saw no reason the City
37 Council couldn't pass the resolution and waive the second reading of the agreement.

38
39 Mayor Jacobsen asked Mr. Hansen how he felt about Ranked Choice Voting. Mr. Hansen
40 said in terms of voter participation it was harder because it was different. Empirically,
41 there was more choice and led to better, more democratic outcomes.

Providence Landing Annexation Petition to the City of Providence

Purpose

To review a petition (Attachment 1) for the annexation of property owned by Trillo Group, LLC from unincorporated Cache County to the City of Providence, and then act to agree or disagree with the annexation request. The proposed annexation will reduce the size of an existing unincorporated island of ~25.13 acres between Providence City and Millville City. The continuation of an unincorporated island requires that the County agree to the request for the annexation petition to move forward.

Property Information

Parcel for Annexation: 02-117-0022

Total Acreage: ~10.64 acres

Contact Sponsor: Michael Jewell

Staff Recommendation

Staff recommends the Council agree to allow the continuation of a reduced unincorporated island area between Providence City and Millville City resulting from the Providence Landing property annexation into the City of Providence.

Findings of Fact

A. Applicable Ordinance

1. Annexation of unincorporated property into a municipality is governed by State Code section 10-2, part 4 Annexation.
2. If approved the ~10.64 acre area proposed for annexation will result in the reduction of an unincorporated island area from ~25.13 acres to ~14.49 acres in the County.
3. Utah Code sections 10-2-418-1-b and 10-2-402-1-b-iii-B require that unincorporated islands and peninsulas are not permitted unless agreed to by the county.
4. No formal action has been taken by the county to prohibit or agree to allow an unincorporated island at this location.

B. No Findings of Impacts to County Facilities

1. This annexation request would bring ~10.64 acre parcel (# 02-117-0022) into Providence City for residential development.
2. Providence City roads are stubbed with utilities to service the property from 480 West Street, Garden Drive (400 West), and 700 South.
3. 2100 S is a private road within the County island area that extending west from 750 North in Millville, and provides access to three unincorporated parcels with single family dwellings and accessory structures.

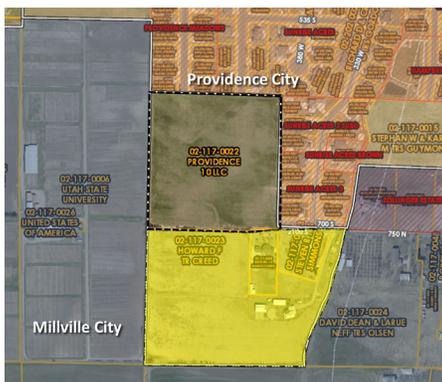

C. Possible Actions

1. Agree – Agree to allow the annexation and resultant reduction in the total unincorporated island area.
2. Disagree – Disagree with the annexation and resultant reduction in the total unincorporated island area and formally protest the annexation request.

Findings

Based on the findings of fact noted herein, staff recommends that the County Council agree to allow a reduced unincorporated island area resulting from the Providence Landing property annexation to the City of Providence as:

1. The County Council is the county legislative body of Cache County.
2. There are no increased impacts to County facilities.
3. The owners of the three remaining unincorporated island area properties could petition to annex into Providence City for future development services to remove the island.

(Left) The remaining reduced island area of ~14.49 resulting from the annexation of parcel 02-117-0022 is highlighted. This island is not believed to create increased impacts to County facilities.
