CACHE COUNTY COUNCIL WORKSHOP

December 02, 2025 at 3:30 p.m. - Cache County Chamber at 199 North Main, Logan, Utah.

In accordance with the requirements of Utah Code Annotated Section 52-4-203, the County Clerk records in the minutes the names of all persons who appear and speak at a County Council meeting and the substance "in brief" of their comments. Such statements may include opinions or purported facts. The County does not verify the accuracy or truth of any statement but includes it as part of the record pursuant to State law.

MEMBERS PRESENT: Chair Sandi Goodlander, Councilmember David Erickson, Councilmember Nolan Gunnell, Councilmember Mark Hurd, Councilmember Barbara Tidwell

MEMBERS EXCUSED: Vice Chair Kathryn Beus, Councilmember Keegan Garrity

STAFF PRESENT: Brady Christensen, Jason Watterson, Morris N. P., Andrew Erickson, ValJay Rigby, Brady George, Jason Winn

OTHER ATTENDANCE: Jordan Mathis, Richard W.

VIRTUALLY: Joseph, Casey Snyder

1. Call to Order 3:30p.m. – [0:00](#)

2. Workshop Discussion

a. Wildland Urban Interface Modifications (HB48) Discussion and Questions – Dallin Bodrero, Cache County Fire Warden

[0:19](#) Everyone in attendance introduced themselves. [2:43](#) Joseph provided overview of Bill and the requirements. Chair Sandi Goodlander asked if the fee would be set based on the square footage of the home or property. Joseph answered the structure. He explained the cycle for the fees and how the costs are allocated after they are sent to the state. Councilmember David Erickson commented the County will be blamed for the fees. [10:20](#) Councilmember Nolan Gunnell asked for clarification of insurance on property then elaborated his concern for cabins near Hardware Ranch that are on private property and not accessible to get footage. Dallin said the fees would apply to high risk and the FR40 would keep the structures far enough apart. Joseph added density was a factor. [15:20](#) Chair Sandi Goodlander introduced Casey Snyder virtually and asked if the county had the map already from the state. Chief Brady George said yes but there was some misalignment to be grandfathered and identified still. Joseph explained there was a high risk map and a WUI map the county would enforce. Casey added the only lots that would receive the fee were the high risk areas. Councilmember David Erickson asked about commercial and where WUI would be. Casey answered the fees are structure based and Dallin answered the WUI areas would be similar to Ant Flat, Scare Canyon, and Beaver Mountain. Casey elaborated the logistics behind insurance. [24:38](#) Councilmember David Erickson clarified the assessments would be risk mitigation and said simply being neighbors to the forest is a risk. Casey answered it would be up to the landowners to protect their property. Chair Sandi Goodlander asked if the state would help with the assessments frontload. Casey responded the state would be responsible for it all however the county could do the assessments for return in matched time and resources. Chair Sandi Goodlander asked about the timeline for notice of fees. Casey answered collected taxes would be on the tax bill for next year. [29:23](#) Joseph added they could help with the language in the notice. Councilmember Nolan Gunnell asked for an example of a lot assessment. Joseph answered vegetation surrounding the property and the home construction materials and briefly described the software used. Dallin added since Cache county already adopted the WUI code there shouldn't be any drastic changes to structures. Councilmember David Erickson asked if grazing would be allowed to mitigate forage. Casey answered the state doesn't specify that. [35:46](#) Chair Sandi Goodlander asked if the state had provided their map yet. Casey answered there was a URAP Map that would be fairly close. Chair Sandi Goodlander asked what URAP meant. Joseph answered a public mapping system with a layer that gave structure exposure scores. Chair Sandi Goodlander commented she felt more comfortable and it appeared to set the homeowners in a better position if there was a fire. Councilmember David Erickson voiced his favor for the discussion. Councilmember Mark Hurd asked what the next step would be when the map was available and the role council would play. Joseph answered once the map was received the properties within the boundary line would be identified with no requirement from council. Chief George said his concern would be

structures built before the code. Councilmember Barbara Tidwell asked who would receive the map. Joseph answered it would be publicly available after the high risk areas are determined. [40:33](#) Councilmember Mark Hurd suggested a spot on the agenda in the future to provide an update. Chief George asked how often the map would be revised. Joseph answered annually. Chair Sandi Goodlander asked about the process to get the information to the Treasurer. Councilmember David Erickson said this would be its own line item. [43:24](#) Chair Goodlander opened for comments. None. Council discussed. Councilmember Nolan Gunnell asked if an area is assigned WUI high risk but the applicant does not provide any mitigation who does the risk fall under. Chief George answered language would be included for who would be responsible. [47:31](#) Councilmember Barbara Tidwell exited Chambers. Councilmember Nolan Gunnell commented of a past fire near duck creek and the fuel it received from sage brush. Dallin said projects were going on in the county to reduce that fuel near scare canyon and beaver mountain. Chief George added services for mitigation can be matched. Councilmember David Erickson said the forest needed to be thinned. [51:20](#) Vice Chair Kathryn Bues arrived. Friendly discussion between attendees. [55:07](#) End of meeting. [55:15](#) Chair Sandi Goodlander clarified agenda for next meeting with Policy Analyst Andrew Erickson.

Action: Motion made by Councilmember Nolan Gunnell to adjourn meeting; seconded by Councilmember Mark Hurd.

Aye: None

Councilmember David Erickson asked why with the \$10,000 from 2025 Cache Water District Study is in the budget for 2026. Matt answered the cost would be rolled forward. Executive Daines asked if that was general practice. Matt answered yes. Chair Sandi Goodlander asked Matt if they were in process of re-evaluating tax admin percentages. Matt answered no however the tax Admin tax revenue would most likely be increased next year. Councilmember Keegan Garrity requested \$5,000 reduction for Professional and Technical for Fairgrounds. Chair Sandi Goodlander asked if the Fairgrounds was aware and if there were specific needs for those excess funds. Matt added the Executive budget committee felt there was too much budgeted for travel. Councilmember David Erickson cautioned the same rationale could be made for other spikes. Matt said data would be received in February to show where the money in 2025 had been spent and where to cut in 2026. Executive Daines echoed the budget process would be more fluid than in the past and each department should only ask for what they need. Matt interjected that an expense was incorrectly placed and the amount the fairgrounds had budgeted for was not in excess.

Action: Motion made by Councilmember Keegan Garrity to decrease Fairgrounds budget by \$5,000; seconded by Councilmember Nolan Gunnell.

ADDENDUM TO CACHE COUNTY RESOLUTION 2025-43

RE: RESOLUTION NO. 2025 – 43

**“A RESOLUTION ADOPTING A COUNTY BUDGET FOR THE CALENDAR
YEAR 2026”**

ACTION OF THE COUNTY EXECUTIVE:

 Approved

 X Partially Approved (With Line-Item Vetoes)

* If any line-item veto disapproval of a budgetary allocation is exercised, a written statement of objection(s) must be attached in the return of this resolution per Cache County Code § 2.12.100.B as well as the passed budgetary line-item(s) specifically being subjected to veto.

VETO MESSAGE TO COUNTY COUNCIL - December 11, 2025

As County Executive of Cache County, I have the right to make "item vetoes" of the budget passed by the Cache County Council. This right includes the right to amend, modify, increase or decrease budget line items.

In exercise of that right, I hereby issue a "item veto" of appropriation 100-4145-110 (Full Time Employees) and of appropriation 100-4145-130 (Employee Benefits) that being part of the overall County Attorney Budget appropriation passed by the County Council at its regular Council meeting on December 9, 2025. The "item vetoes" are reductions in the amount of \$178,024 as to the Full Time Employees and in the amount of \$71,198 as to Employee Benefits. These being the salary and benefits that I am advised are allocated for the salary and benefits of Chief Deputy County Attorney, Ronnie J. Keller. Apart from these reductions the County Attorney Budget and all other budgets are approved.

It is appropriate that I provide a statement to you with respect to why I have exercised these "item vetoes" at this time. I note that these two appropriations were a part of the tentative budget presented to you by my office. Since that presentation additional information has been provided to my office. At the time of your budget consideration, the information concerning this matter was still being collected and analyzed. Nevertheless, several of you were advised by that time that this issue had surfaced and was being investigated.

I have determined that Mr. Keller has sought and obtained employment by Bear Lake County, Idaho, and further that he has been employed previously by that County for a number of months. I believe that his previous and current employment by Bear Lake County is a violation of Cache County Ordinance 2.16.060. Additionally, I further find that Mr. Keller failed to provide the information concerning that employment to Cache County as required by Cache County policies. Additionally, I further find that while Mr. Keller was involved in process of seeking a legislative amendment to Ordinance #2.16.060, he failed to disclose to my office his personal interest in the amendments being considered. I also note that given the budget imperatives in Cache County, that it is appropriate that a reduction in force occurs with respect to this position.
