PRESS RELEASE

Notice of Extended Seasonal Road Closures

With the heavy snowpack this year, Cache County has determined that it is both necessary and appropriate for the County to extend the seasonal restrictions on county roads to motorized vehicles. These closures are to protect public safety, reduce maintenance costs, maintain water quality, and prevent erosion during snowy and icy conditions this spring.

The following seasonal access roads that were **SCHEDULED TO OPEN APRIL 15, 2023** will be extended and will **REMAIN CLOSED UNTIL AT LEAST MAY 15, 2023**. Additional delays may occur, pending weather and snowpack run-off conditions.

- 3200 West (Old Canyon Road & 8500 South)
- Birch Canyon
- Gnehm Road (3400 North)
- High Creek Canyon Road
- Ivan's Hollow Road
- Mount Pisgah Road
- Short Divide Road
- Smithfield Dry Canyon Road
- South Canyon Road

If you have any questions as to how these closures will affect you, please feel free to reach out to Cache County Public Works Department at 435-755-1560
