PUBLIC NOTICE

Road Closure - Bridge Replacement

Beginning June 15, 2026, construction will begin on the replacement of the existing trestle bridge between Trenton Town and Lewiston City. During construction, 1200 North in Trenton will be restricted to local traffic only from Highway 23 to Center Street and will be closed immediately east of Center Street. In Lewiston, 2000 South will be restricted to local traffic only from 2400 West to the bridge. Through traffic will be detoured via Highway 61 and Highway 142, as shown on the map below. Construction is anticipated to continue through the end of September 2026. Motorists are encouraged to plan accordingly and allow additional travel time. We appreciate your patience and cooperation during this important infrastructure improvement

If you have any questions as to how this closure will affect you, please reach out to Brandon with Stanley Consultants at 801-559-4606.
